

The Weather

Occasional light snow today and Tuesday probably ending south Tuesday. Not much change in temperature. Low tonight 24-32. High Tuesday in 30s.

\$1.6 Billion Education Aid Program Asked

Eisenhower Outlines Proposal in Special Note to Congress

WASHINGTON (AP) — President Eisenhower today sent Congress a four-year, \$1.6 billion federal-state program of aid for education. The blueprint aims to help America best Russia in science and technology.

The President in a special message said that the nation's immediate security aims in this space era can be furthered only by the efforts of individuals whose training is already far advanced.

"Because of the growing importance of science and technology, we must necessarily give special—but by no means exclusive—attention to education in science and engineering," he said.

The program Eisenhower sent to the Capitol was first announced in detail by Secretary of Welfare Folsom last Dec. 30. Among other things, it calls for granting 10,000 scholarships annually for four years, with emphasis on courses in science and mathematics.

THE PRESIDENT also called for granting graduate fellowships to bolster teaching strength, again with emphasis on science and technology. His message mentioned no specific number of such fellowships, but Folsom said last month the program contemplates providing 1,000 the first year and 1,500 annually for each of the next three years.

Of the \$1.6 billion, the federal government would contribute \$1 billion and the states and local communities \$600 million.

Sen. H. Alexander Smith (R-N.J.) announced he will introduce legislation Tuesday to carry out Eisenhower's education program. He voiced hope it would receive "strong bipartisan support."

But in advance of Eisenhower's special message, some Democrats already have criticized the new program as falling short of needs.

Sen. Kennedy (D-Mass.) said Eisenhower should have proposed aid for school construction again this year. Previous Eisenhower requests along this line have never gotten far in Congress.

Kennedy said government statistics show the classroom shortage is still bad. He announced he will introduce this week a bill calling for \$1½ billion in federal grants to the states for school construction over a five-year period. The Eisenhower program faced other pitfalls. Some members of Congress are opposed to federal aid to education in any form. And there is a possibility the school segregation issue may be raised in connection with the program.

Rites Slated Tuesday for Rail Tycoon

NEWPORT, R. I. (AP) — The body of railroad tycoon Robert R. Young was due here today aboard his private railroad car for burial Tuesday next to the body of his only child.

The 60-year-old board chairman of the New York Central Railroad took his life with a blast from a double-barreled 20-gauge shotgun Saturday.

The body was found in the top floor billiard room of his 23-room winter mansion at West Palm Beach, Fla., by members of his household staff.

Authorities said the death was suicide. They could give no immediate reason.

Young's body was accompanied by his widow, the former Anita Ten Eyck O'Keefe, fellow member of the New York Central board and friends of the family.

Young will be buried in St. Mary's Episcopal churchyard, in nearby Portsmouth, next to the body of his daughter Eleanor, killed in a plane crash in Matamoras, R. I., in 1941.

Only a few days ago, Young presided at a meeting of the New York Central Railroad Board of Directors at which it was voted not to declare a dividend for the present.

New York Central's earnings for December and 1957 were expected to be announced today but two top men in Young's financial empire said in advance finances had nothing to do with Young's suicide.

District Endorses Polk

WAVERLY (AP) — Democratic chairman and secretary of the nine-county Sixth Congressional District have endorsed Rep. James G. Polk of Highland County for reelection.

Parents Blind, Get Along Fine

IT'S THE MAHONEY FAMILY in Detroit. State Rep. Robert Mahoney, 36, wife, Jennie, 38, and a few of their seven sighted children sit down for an explanation of Braille. Mahoney and his wife met while attending a school for the blind in Lansing, Mich.

Mideast Pledged U. S. Protection

ANKARA, Turkey (AP)—Secretary of State Dulles told leaders of the five Baghdad Pact nations today the United States will support their nations with "mobile power of great force" against any Communist invasion.

Dulles' keynote speech at the opening of the Middle East alliance's Ministerial Council meeting emphasized that any potential aggressor "knows in advance that his losses from aggression would far exceed any possible gains."

But, he said, "if perchance deterrence fails" the United States

will contribute its mobile power to save the Middle East.

Premier Adnan Menderes of Turkey formally opened the conference in the closely guarded Parliament building. Top leaders of the five pact members (Britain, Turkey, Iraq, Iran and Pakistan) were present. The United States, as an associate member of the alliance, also has delegates attending as observers.

Dulles told the premiers, foreign ministers, generals and diplomats at the opening session that the United States will continue to provide economic aid to individual members of the pact.

HE EMPHASIZED the Moslem members must strike a proper balance between military and economic efforts.

Turning to the question of a disarmament agreement with the Russians, he said: "The United States ardently seeks limitation of armaments on a basis of equality. But never will the United States accept the Soviet Communist thesis that men, because they are religious, must deny themselves the need to defend their religious freedom."

The secretary warned against what he called the fanaticism of a "materialistic, atheistic group" seeking domination of the world.

"This fanatical group," he continued, "choosing every device without moral restraint, by use of revolution, military conquest and subversion has come to rule their part of the world and they exploit human resources to extend their domination."

"That is a threat of immense proportions. We need not, however, be dismayed. The greater danger is always the danger which comes from blindness to danger."

Weekend Accidents Fatal to 12 in Ohio

COLUMBUS (AP)—Ohio's weekend accidents brought death to 12 persons, nine of them in highway traffic mishaps.

In the miscellaneous category were a man overcome by gas fumes, a girl who died in a house trailer fire and a pedestrian struck by a freight train.

23 Pct. Students Wed

COLUMBUS (AP)—Ohio State University reports that 23 per cent of its students are married. Married men totaled 4,032 and women 496.

Ohio GOP Leaders Confident O'Neill To Recover Fully

COLUMBUS (AP)—Although shocked and surprised by Gov. C. William O'Neill's heart attack which was disclosed today, Ohio's Republican leaders expressed confidence he will make a full recovery.

State Republican Chairman Ray C. Bliss reported that he had not known of the attack, which occurred last Wednesday night, until today. He said he was deeply shocked and added, in a statement dictated from his Akron office:

"During his public career, the governor has established a reputation as an intense and energetic public official. During recent months the many pressing problems of state have placed a heavy burden on him.

"I sincerely hope that tests will show that there will be no serious aftereffects to his health."

State Auditor James A. Rhodes, unsuccessful GOP candidate for governor in 1954, declared:

"All of us are praying for the

speedy recovery of our governor. Few people realize the tremendous strain which the position imposes upon the incumbent.

"Fortunately, doctors have diagnosed the attack as a mild one and there is no reason but to believe that the stout heart of Bill O'Neill will be able to throw off the effects of this slight attack."

In Toledo, Michael V. DiSalle, who last week announced for the Democratic gubernatorial primary said, "This is a terrible thing. O'Neill is a young man."

DiSalle, defeated by O'Neill in the 1956 general election, said he hopes O'Neill makes an early recovery.

"As far as I myself am concerned, before making any more statements in the campaign I will wait to see what the extent of his recovery will be and his ability to participate in the campaign," DiSalle said. "I certainly am not going to participate in any attack on him while he is down."

O'Neill Plans Campaign Despite His Heart Attack

Egypt-Syria Merger Near

Cairo To Be Capital Of New Federation

CAIRO (AP) — The merger of Egypt and Syria into a single state is reported imminent. The newspaper Al-Ahram said President Nasser and Syrian President Sukhri Kuwaty would announce the union today.

The Egyptian and Syrian leaders proclaimed the advantages of the proposed federation, and the Cairo press gave it top play.

The public emphasis on the plan apparently was timed to take the edge off the opening of the Baghdad Pact conference today in Ankara, Turkey.

Al-Ahram said Cairo would be the capital, the federation's name would be "The United Arab State" and there would be one government, one parliament and one army.

Nasser told visiting U. S. newspaper and radio editors Egypt and Syria have agreed on all except minor details.

ALTHOUGH Syrian officials have been talking constantly about a federation, Egyptian leaders had not commented officially in recent days. Syria has been pushing the plan since it first was proposed two years ago.

Both Syria and Egypt have received large amounts of Soviet economic and military aid. Their armies already are linked under a joint military command headed by an Egyptian and their foreign policies generally coincide.

Subsidy Is Withdrawn From French Ballet

PARIS (AP)—The French Education Ministry today withdrew the government subsidy awarded for the production of Francoise Sagan's ballet "The Broken Doll."

The ministry's action followed a storm of protest that the sexy ballet, which had its Paris premiere last Monday, should not have been subsidized.

The ministry indicated the \$5,950 subsidy already had been paid Miss Sagan. It said an order for reimbursement had been issued.

Highway Here Made Slippery By Snow Given Dose of Salt

Fayette Countians awoke to a landscape covered with a relatively thin sheet of white—only the third snow of the season worthy of the name.

However, it was enough to leave highways and streets slippery—at least in places where they did not get a dose of salt.

Following a few inconsequential flurries early in the season, the first snow came Dec. 4 when 5 inches was covering the ground. After that, only traces were recorded by Weather Observer Corey Stookey (on Jan. 3, 8 and 15) until the 3-inch snow on Jan. 16. That was the last major fall until early Monday.

Bandits Lock Up 5 In Grocery Cooler

CLEVELAND (AP)—Three masked robbers forced five persons into a meat cooler during a supermarket robbery, but the captives luckily escaped a half-hour later when discovered by a store clerk.

Jack Wynbrandt, 42, of South Euclid, his wife and two sons, and a butcher who works in the east side supermarket were greeted by the robbers when they opened the store Sunday.

The gunmen gained entrance to the store by breaking through a brick wall in the basement. After forcing the five persons into the basement cooler, the robbers fled with \$3,500 taken from a safe.

5 Elderly Men Killed In Iowa Hotel Blaze

DES MOINES (AP)—Five elderly men perished of suffocation early today in a \$50,000 fire at the 75 cents-a-night Olympia hotel.

About 75 other residents, many of them pensioners, escaped. The walkup hotel occupied the top two stories of an old three-story brick building.

Fire officials said an investigation was in progress.

Navy Tries Again To Fire Vanguard

CAPE CANAVERAL, Fla. (AP)—The Navy is busy in another effort to get its temperamental Vanguard rocket off the ground in the next few days. Unless it performs quickly, the Army's Jupiter-C missile may be the first to shoot up a U. S. satellite.

Informed sources disclosed that bad weather and a frustrating series of mechanical bugs in the complex Vanguard spoiled several attempts to fire it last week. The first Vanguard blew up on its launching pad here last Dec. 6.

These failures have thrown the U. S. satellite program far off

2 Girls Die Arm-in-Arm on Rail Trestle

BLUFF CITY, Tenn. (AP)—Two frightened little girls were thrown to their deaths from a railroad trestle Saturday. Witnesses say one could have lived if she had abandoned the other.

It wasn't that 13-year-old Pamela Harmon didn't want to live. Twice her fright sent her scrambling toward a water barrel where she could have pulled herself out of reach of danger.

But twice she turned again toward the oncoming train when her friend Dorothea Miller, 11, screamed. Dorothea's foot was caught in the trestle.

The second time Pamela put her arms around Dorothea and the two faced the oncoming train together.

They fell into the icy waters of the Holston River 75 feet below.

Pamela's brother David, 10, and two other children watched the drama. They had found the trestle too hazardous a way to cross the river to a friend's house.

schedule. If a goal set by President Eisenhower had been met, three or four tiny American "moons" would be in orbit now and the Vanguard would launch bigger satellites in March.

A curtain of secrecy surrounded the latest attempt. Facts were not made known to the public until Sunday night.

The Air Force fired a Snark missile 5,000 miles to Ascension Island off the African coast Saturday. Informed sources said the missile "landed in its assigned impact area."

AT THE SAME time, the Navy was busy with the Vanguard. It was learned that a launching of the rocket was only a few minutes away Saturday when the attempt was postponed.

As one delay continued to run into another, the conviction grew that the Vanguard must fly in a matter of a very few days if the Jupiter-C may take off first, carrying a 29.7-pound satellite.

The Vanguard still is experimental. Its second-stage guidance "brain" never has been tested in flight. All components of the Jupiter-C have been flown and were reported to have performed well.

Authorities close to the Vanguard project said heavy rains, a rarity at this season in Florida, were troublesome during last week's firing attempts.

Defective minor parts were found in the rocket during the countdown checks and had to be replaced. Something went wrong with the 6.4-inch satellite, so that it stopped sending radio signals.

One of Florida's worst winters has interfered with efforts to step up the U. S. missile and rocket programs. Rain washed out an attempt to fire a Thor intermediate range ballistic missile. Friday, water in underground conduits caused a power failure.

Stolen Car Rams Auto, Hurting 5

COLUMBUS (AP)—The teenage driver of a stolen car attempted to avoid a police roadblock here Sunday night and crashed into a parked auto, injuring its five occupants.

In addition, two of the three youths in the stolen station wagon were injured, police said.

Authorities identified the driver of the stolen car as a 16-year-old Columbus boy and his companions as 16 and 15. The driver was cited for reckless operation of a motor vehicle and auto theft.

All the injured were hospitalized. They included two children, one 5 years old and the other 16 months old, who were in the rammed auto with their parents.

Israeli Army Chief Quits, Goes to School

JERUSALEM (AP)—Maj. Gen. Moshe Dayan, tough one-eyed native Palestinian who commanded Israel's army in the invasion of Egypt, prepared today to return to his studies in archaeology.

Dayan resigned as chief of staff Sunday and was replaced by his deputy, Russian-born Brig. Haim Laskov, effective Saturday.

Dayan, 43, denied reports he has political ambitions. He said he had decided some time ago to quit the army to resume his studies at Hebrew University here.

Youths Arrested Here Identified As Cincinnati 'Doorbell Burglars'

Two gun-carrying Cincinnati youths picked up here several weeks ago have been identified as Hamilton County's "doorbell burglars," who have taken a yet-to-be-estimated amount of cash from seven wealthy homes this winter.

They are Paul Kaedli, 19, and Robert Rosendahl, 21, arrested here Jan. 14 for carrying concealed weapons. They were released here after furnishing \$1,000 bond each.

Hamilton County investigator Herbert Vogel said suspicion fell on them when a packet of old coins they tried to sell here were

identified as stolen property. The youths have admitted taking the 50 coins, valued at \$100, from the home of Gabriel Mitterbach, manager of the Kenwood Country Club in Hamilton County.

VOGEL SAID the youths have admitted all the burglaries with which they are charged "and there may be more." He said their technique was to ring a doorbell and, if there was no answer, enter the house.

If someone answered, they would ask for an invented name. Entry to empty houses was made with a

GOV. O'NEILL

Nixon Visit To Soviet Eyed

Speculation Increases On Possibility of Trip

WASHINGTON (AP)—Vice President Nixon and Soviet leaders apparently would like to meet. They might do so on Nixon's scheduled European tour next summer.

The vice president reportedly received no formal invitation to visit Russia during a surprise 42-minute meeting Friday with departing Soviet Ambassador Georgi Zarubin.

But one result of that unusual conference is increased speculation that the U.S.S.R. wants to know a lot more about Nixon's thinking than they could learn through the Zarubin talks.

Top Soviet leaders might like to get a good look at a man who may be president and who won his political spurs by pounding away at opponents he contended were soft on communism.

Nixon, in turn, apparently would like to get his own personal impression of Nikita S. Khrushchev and the other Soviet leaders with whom he would have to deal if he became president.

NIXON INTENDS to take off for Europe in August or September.

In the minds of some of his friends, the trip might have two advantages in its expected bid for the 1960 Republican presidential nomination:

1. It would round out his personal acquaintance with world statesmen.

2. It also would telescope his congressional campaign role. It would permit him to make some high-level speeches as the campaign closed, without being required to hammer away daily at the Democrats.

U.S. Mothers Hold Hope for 3 Sons

HONG KONG (AP)—Three American mothers have returned from a visit to their sons imprisoned in Red China, weary but cheered by Chinese hints that the three men may get clemency.

The three women were unwilling to discuss the possibilities of their sons' release, but they recalled a Chinese assurance made just before they left that good behavior might bring leniency.

The three women are Mrs. Ruth Redmond of Yonkers, N. Y., whose son, Hugh, 36, is serving a life sentence in Shanghai; Mrs. Mary Downey, of New Britain, Conn., whose son, John, 27, was imprisoned for a life term in Peiping; and Mrs. Jessie Fecteau of Lynn, Mass., whose son, Richard, 30, is serving a 20-year term in Peiping.

Aide Labels Seizure as Only 'Mild'

COLUMBUS (AP)—Republican Gov. C. William O'Neill has suffered a "mild heart attack," but it will make no difference in his plans to run for a second term, an aide announced today.

In a noon bulletin, attending physicians said the governor's condition is good in all respects.

The attack occurred last Wednesday night, but was not announced until today because physicians needed the time to make their diagnosis certain, O'Neill's press secretary, Hal W. Conery, reported.

"As of today," Conery said, "this will not affect his future plans, except that it probably will mean that the governor will be unable to conduct the extensive, vigorous campaign that he waged two years ago."

Nevertheless, the announcement stunned political circles.

In Akron, State Republican Chairman Ray C. Bliss said, "I am deeply shocked." He declined to predict the effect on the coming state campaign.

Lt. Gov. Paul M. Herbert, first in line to succeed to a gubernatorial vacancy, had this to say:

"I DO HOPE that the reports that the governor's illness is mild are true and that he soon will be enjoying his normal health."

Under Ohio's constitution, the lieutenant governor is empowered to take over as chief executive in the event of the death, resignation or disability of the governor.

During a discussion at the last legislature on the possibility of such a development, lawmakers indicated that disability would mean lack of mental capacity by the governor to perform his duties.

The governor cancelled all his engagements and took to his bed Wednesday night upon his return from a speaking date in Dayton.

But it was not until this morning that Conery called newsmen to his office and issued this statement:

"The governor has had a mild heart attack when he was returning home from Dayton Wednesday night."

"In the interest of his safety, he has been kept in bed and is receiving tests which will continue until he is well."

"The tests will determine whether or not he has had any heart muscle damage."

"His course to date has been satisfactory."

Aides said the 41-year-old governor probably will be kept in bed for the next three weeks. He is at the mansion in suburban Bexley.

A HOSPITAL bed was moved into the private apartment there which the governor's family occupies.

Attending physicians are Drs. George I. Nelson and Robert C. Kirk both of Columbus. The physicians said he is getting all the treatment at home that he could receive in a hospital.

"He is happier there," they added.

Reports said the governor spent a restless night, that his temperature is almost normal, his pulse regular and at a normal rate throughout his illness. His blood pressure has remained normal, they added.

The governor is serving the second year of his first two-year term and has announced for election to a four-year term which would start next January.

He formerly served three terms as attorney general and six two-year terms in the Ohio House, one of them as speaker.

(Please Turn to Page Ten)

Firestone Tire Ads Said Misleading

WASHINGTON (AP)—The Federal Trade Commission charged Sunday that Firestone Tire & Rubber Co. has been advertising second-line automobile tires as first-line.

The FTC said the firm was misrepresenting the facts when it claimed that "Firestone Super Champion" and "Firestone Delux Super Champion" tires were "original equipment on eight million new cars as they left the factory."

Actually, the two brands are second-line tires which have never been used as original equipment, the FTC said.

Man and Youth Are Nabbed At Bloomingburg Poker Game

A 26-year-old storekeeper and a 16-year-old boy were taken into custody Saturday after a raid on a poker game in the back of Grim's General Store in Bloomingburg.

Released under \$400 bond Monday was Raymond Grim, 26, of 605 Fourth St., Bloomingburg, charged with permitting gambling in a place of business.

The 16-year-old, who was not identified, is in the custody of the Juvenile Court.

Deputy Sheriff Donald Thompson said Grim was arrested in the back room at his store about 7:45 p. m. Saturday. Thompson said the boy was in the front room, and

that he tried to press a warning buzzer as Thompson rushed toward the back.

"About six" other men were around a card table in the back room when Thompson broke in, but none was ailed.

GRIM ENTERED a plea of not guilty to the charge in Municipal Court Monday, saying he wanted to see a lawyer.

However, Thompson says he has a signed statement from Grim, admitting that poker games have been held there Fridays and Saturdays for some time.

According to the deputy, Grim said in the statement that he made "five or six dollars a night" from the game. Thompson said he believed it ran to "about twice that."

Thompson said he walked into the front of the store, and that the youth thrust his hand under the counter as soon as they encountered each other.

"Don't touch that buzzer!" Thompson ordered.

His hand flashed back onto the counter, Thompson said.

The deputy said several complaints about the game have been received.

Ike's Brother, Arthur, Dies At Age of 71

KANSAS CITY (AP)—Arthur B. Eisenhower, 71, eldest brother of President Eisenhower, died of a heart attack at his home Sunday night. He had had several seizures in recent years.

There was no word from the White House whether the President would attend the funeral. Arrangements for the services are incomplete.

A retired banker Arthur Eisenhower started with the Commerce Trust Co. in Kansas City as an errand boy at \$5 a week in 1905 and by 1934 was the bank's executive vice president.

He became vice chairman of the board in 1935. He resigned that post and as president of the smaller Plaza Bank of Commerce in November of 1956. A few weeks later he suffered a heart attack.

At the time of his death he was a director of Trans World Airlines, the Coleman Co. of Wichita, Kan., and several Kansas City firms.

During his banking career Eisenhower became recognized as a national authority on flour and grain financing.

He was one of six brothers who grew up in Abilene, Kan., and was the first to strike out on his own.

A mild-mannered man of great reserve, he shunned personal publicity that arose after his brother became President.

Deaths and Funerals

Homer Q. Silcott

Homer Q. Silcott, 68, of 812 E. Temple St., died at 5:15 a. m. Monday in Memorial Hospital, where he had been a patient since Saturday afternoon. Although he had been in failing health for several years, his death came unexpectedly.

He was born on a farm on the Greenfield Rd. near the Wilson School and spent his early life in that community. He had farmed in Fayette County all his life until he retired several years ago and moved to Washington C. H.

He is survived by a brother, Harry Silcott of the New Martinsburg Rd.; a niece, Mrs. Louise Dorn of near Sedalia and a nephew, Walter Rodgers of near Yatesville.

Arrangements for services, in charge of the Gerstner Funeral Home, are incomplete.

Raymond A. Wilson

GREENFIELD—Raymond A. Wilson, 81, died at 6 a. m. Monday in his home near East Monroe following an illness of three months.

A retired farmer and dairyman, he had spent his entire life in the community in which he died.

He is survived by his wife, Deborah, and a foster son, Herbert Clickle, of Washington C. H.

Services will be held at 9 a. m. Thursday in St. Benignus Catholic Church here by the Rev. Father Edward Lawler, the pastor. Burial will be in St. Joseph's Cemetery in Greenfield.

Friends may call at the Murray Funeral Home after 9 a. m. Wednesday.

Mrs. Thomas M. Runner

NEW HOLLAND—Mrs. Ida Runner, 85, died at 6:30 p. m. Sunday at the home of her daughter, Mrs. Victor Stewart in Clarksburg.

Mrs. Runner came to Clarksburg from her former home in West Virginia seven years ago. She also is survived by another daughter, Mrs. Arizona Hayes of Toronto, Ohio, and 10 grandchildren.

Her husband, Thomas M. Runner, died in 1937.

Arrangements for services, tentatively scheduled for 2 p. m. Wednesday in the Bartlett Funeral Home in Grafton, W. Va., were made by Kirkpatrick Funeral Home in New Holland.

Richard P. Barnes

DAYTON—Richard P. Barnes, 72 of 415 Deeds Ave., died at 12:10 a. m. Sunday in Miami Valley Hospital here, 12 hours and 20 minutes after his brother, Roy, 85, died at the same place.

Both brothers were natives of Washington C. H. Richard went to Dayton 50 years ago, and has lived there ever since. He was a tool and die maker and machine repairman, having worked at the Frigidaire plant 27 years before his retirement four years ago.

His survivors include his wife, Helen, a daughter, Mrs. Frances Barnes of Dayton and one grandchild.

Services will be at 1 p. m. Wednesday in the Schlicht and Moore Funeral Home, 1632 Wayne St. Friends may call there between 3 and 5 p. m. and 7 and 9 p. m. Tuesday. The Rev. Loren Brown will officiate.

Burial will be in Washington C. H. Cemetery.

Senate Panel Eyes National Debt Boost

WASHINGTON (AP)—Secretary of the Treasury Anderson today asked the Senate Finance Committee for quick action on a \$5 billion increase in the national debt limit.

The House passed the administration bill for such an increase by a 328-71 vote Thursday. Under the bill, a \$280 billion ceiling would be in effect until June 30, 1959. The present limit is \$275 billion.

The Finance Committee has been more reluctant to raise the ceiling than its House counterpart, the Ways and Means Committee.

The House passed a \$15 billion boost in 1953, but the Finance Committee substituted a temporary increase of \$6 billion.

Chairman Byrd (D-Va) long has contended the debt limit is Congress' last effective control over federal spending.

In advance of Anderson's testimony, Byrd would say only that he would demand "full justification" from the secretary for President Eisenhower's request.

Byrd was understood to feel that Anderson may have considerably overestimated revenues for the next financial year starting June 30, and underestimated spending.

Anderson has expressed confidence that if greater outlays are shown to be needed for national defense, "our economy can stand more than it is doing now."

READ THE CLASSIFIED ADS

JOHN W. TYREE — Services for John W. Tyree were held at 2 p. m. Saturday in the Alvin G. Little Funeral Home in Jeffersonville by the Rev. E. M. Ware, pastor of the Church of God, Columbus.

The Rev. Mr. Ware was assisted by the Rev. Edward Bridges, Columbus.

Mrs. Ella McCoy read several telegrams of sympathy and the obituary.

Mrs. Wanda Mitchell sang the hymn "The Last Mile of the Way." The Community Choir sang "Abide With Me." "Does Jesus Care," and "God Will Take Care of You." Miss Carol Jean Harris played the piano accompaniment.

Burial was in the Fairview Cemetery in Jeffersonville.

The pallbearers were Morlan-ree, Harry Tyree Jr., Milton Tyree, Melvin Jackson, Robert Carr and Earl Burns.

Roy E. Barnes

DAYTON — Roy E. Barnes Sr., 85, of 2921 San Rae Dr., a native of Washington C. H., died about noon Saturday in the Miami Valley Hospital.

He had lived in Dayton 36 years and had been employed by the Huber Construction Co. for the last 11 years.

He was a member of the Seventh-day Adventist Church.

Surviving are two sons, Everett and Earl of Dayton; two grandchildren and three great-grandchildren.

Services will be held at 2:30 p. m. Tuesday in the Hoyne Funeral Home, 1817 E. Third St. and burial will be in Woodland Cemetery in Xenia. Friends may call at the funeral home any time.

PEGGY DOUGHERTY—Services for Peggy Dougherty, 7, daughter of Mr. and Mrs. Paul Dougherty, were held in St. Andrew's Episcopal Church at 10 a. m. Monday by the Rev. Donis D. Patterson, the rector.

Peggy, in the second grade at Sunnyside School, died Thursday night in Children's Hospital, Columbus, where she had been a patient for a month.

Pallbearers for the burial in the Washington C. H. Cemetery were James Hixson, John D. Williams, Paul Rodenfels and Richard Gillen.

CHARLES E. BOGGS—Services for Charles E. Boggs, who died last Wednesday evening in Veterans Hospital, Chillicothe, were held at 10 a. m. Saturday in the Parrett Funeral Home here by the Rev. Charles W. Ware, pastor of the Church of Christ in Christian Union.

Pallbearers for the burial in the White Oak Cemetery, near Buena Vista, were Sam Boggs Jr., Howard Boggs, Donald Shaffer, Valdo Beedy, Heber Shields and Walter Boggs.

Skeletons unearthed by University of Missouri archaeologists indicate that American Indians also were plagued by toothaches and backaches.

UP TO HER HIPS IN PUPPIES—Hands over her ears in an attempt to keep out the whimpers and barks, 2-year-old Janet Jilek sits, surrounded by ten Afghan puppies at her home in Toronto, Canada. The mother of the puppies sits proudly keeping an eye on things. The Afghan is believed to be the oldest breed of dog known to man. One legend hath it that the Afghans were the dogs taken into the ark by Noah. A litter of 10 is rare for the breed.

Christians Urged To Shelve Denominational 'Barriers'

COLUMBUS (AP)—Christians should overcome denominational barriers and work together, a churchman told the opening session of the 39th annual Ohio Pastors Convention today.

Dr. J. Robert Nelson, dean of the Divinity School of Vanderbilt University, took his lead from the convention theme, "The Nature of the Unity We Seek."

"Until Christians are able to overcome all secondary divisions and estrangements from one another, they cannot with clear conscience proclaim the gospel of the reconciling work of Christ," Dr. Nelson declared.

The youthful minister said such unity does not mean total mergers or amalgamations of one denomination with another, although they may come eventually.

At present, he said, there are many practical reasons "why Christians ought to get together and work together as one people."

Among the reasons he cited were that Protestants can be a more potent influence in society and that unity will enrich their understanding of the Christian faith.

Dr. H. Beecher Hicks, pastor of

Mt. Olive Baptist Church, Columbus and chairman of the convention, opened the morning session.

Dr. Hicks is the first Negro minister to serve as chairman of a state ministerial association. The Ohio Pastors Convention is the largest ministerial group in the country.

The final speaker of the morning session was Dr. Harold A. Bosley, pastor of the First Methodist Church of Evanston, Ill. Dr. Bosley will speak each day on the topic "Foundations of Christian Ethics—our faith in God."

The business meeting of the assembly of the Ohio Council of Churches will be held tonight. The principal address will be given by the Right Rev. Nelson M. Burroughs, bishop of the Episcopal Church, Diocese of Ohio, and president of the Province of Midwest Episcopal Church U.S.A.

As in the past, one feature of the convention will be the finals of the Prince of Peace declamation contest, scheduled Wednesday morning.

Young's Death Slightly Dents N.Y.C. Stock

NEW YORK (AP)—New York Central shares weathered the shock of board chairman Robert R. Young's suicide, and the rest of the stock market was mixed in moderately active trading early this afternoon.

Airlines advanced. The rail section as a whole was a shade higher.

Prices of key stocks showed changes ranging generally from fractions to a point.

New York Central's opening was delayed an hour and a half as stock exchange officials matched a large number of buy and sell orders. The stock finally opened on a big block of 12,000 shares, off 1/4 at 15 1/2. It then traded unchanged from its previous close. Later is sold at its opening price on a block of 1,600 shares.

In subsequent dealings it showed a loss of 1/4 to 15 1/4—well above its 1957-58 low of 13 1/4.

Meanwhile, stock of Allegheny Corp., the holding company which young headed, also showed a fractional loss in moderately active dealings.

Airlines were boosted by news that the CAB offered what amounts to a 6.6 per cent passenger fare increase.

The market was irregular at the start. There was a temporary rush of orders which brought about a delay in the ticker tape for two minutes.

Eastern Air Lines, Capital Airlines and United Air Lines all rose about a point. American Airlines gained a major fraction.

Youngstown Sheet went ahead about two points. Wall Street experts said there was considerable short-covering in the stock.

U.S. government bonds were mostly unchanged.

O'Neill's Record Tagged As Target for Democrats

COLUMBUS, Ohio (AP) — Target for Democratic candidates this year is the record cited by Republican Gov. C. William O'Neill in calling for reelection.

Michael V. DiSalle of Toledo, titular head of Ohio Democrats, set the stage for an attack on the record instead of the man who defeated him in the 1956 gubernatorial race.

Opponents of DiSalle in the May 6 primary election are expected to follow his cue, instead of shooting at each other.

DiSalle, 10th to announce for the Democratic nomination, promised not to "belittle" his opponents and called for the losers to unite behind the party nominee in the pay-off election campaign next November.

"As far as the incumbent governor is concerned," DiSalle said of O'Neill, "the letdown to those who expected so much in the way of leadership has been staggering. It will be my duty to carefully remind the people of this state of the pledges made . . . and the failures of the administration."

O'Neill, who faces only token primary opposition, reviewed the record of his first year as governor in a folder mailed throughout Ohio.

The folder, marked "not printed at state expense," was distributed

from Marysville by a mailing firm from lists supplied by the administration. A number of surprised Democrats reported their receipt.

The same firm mailed out O'Neill nominating petitions with a request to circulate them. Democrats received some of the petitions along with editors and reporters, who seldom circulate or sign them.

When O'Neill announced for his first term as governor on Nov. 21, 1955, he combined several promises with a recitation of qualifications that included six terms in the Legislature and three as attorney general.

Here are those promises, matched with claims of performance in O'Neill's own words:

Promise—Be alert to the tax burden.

Record—We have met the expenses of operating the government without new or increased taxes. Our pledge of no new taxes will be carried out.

Promise—Build highways.

Record—Highway construction contracts let in 1957 were 30 per cent greater than in any previous year in the history of our state and next year will increase by another 30 per cent. It appears now that in 1957 and 1958 Ohio may well be first in the nation in highway building.

175 Students Listed On WHS Honor Roll

A total of 175 Washington High School students are listed on the scholastic honor roll for the third six-week period.

In preparing the roll, students are grouped according to grade levels, although to be eligible a student must not have any grade below "C" (fair), must have an average of "B" (good) or better and must have conducted grades of "2" or better in each subject.

Names are listed alphabetically in each grade group at each point average.

A 4.00 ("A") average is the highest average possible. The current honor roll lists 26 students who have 4.00 or "straight A" averages for the six-week period. A 3.00 average is regarded by school officials as "splendid" but is the lowest recognized on the honor roll.

Points are granted on the following basis: "A", 4 points; "B", 3 points; "C", 2 points; "D", one point; "F", no points.

Here is the complete list of honor students:

GRADE 7:
4.00 Average - Michael Burris, Robert Elliott, Stephen Flee, Richard Leeth, Bevan Leflew, Donald Lentz, Mary Orthmeyer, Phillip Wallace.

3.60 - Gary Alderman, Jeri Anderson, Joda Campbell, Paula Bowers, Carolyn Limes, Randy Lisk, Marilyn Maddux, Karen Woodmansee.

3.40 - Lila Pollard, Connie Sherman, Mary Alice Smith.

3.20 - Brenda Clickner, Nancy Grieves, Edward Kearns.

3.00 - Patricia Arnold, Madeleine Hayes, Joyce Sanderson.

GRADE 8:
4.00 Average - Hannah Case, Nancy Mills, Betsy Vollette, Julie Wilson.

3.75 - Linda Lucas, Ronald Owen, Rita Whipkey.

3.50 - Paul Shaltry, Elsie Trimmer.

3.25 - William Halliday, Marilyn Willis.

3.00 - Carl Anders, Danny Bell, Eddie Ellars, Margaret Hurr, Dean Mossbarger, Susan Orr, Lana Paul, Larry Rudolph, Ronnie Snyder.

GRADE 9:
4.00 Average - Steve Herbert, George Naylor, David Nungesser.

3.80 - Jenette Dickerson.

3.75 - Brenda Armstrong, Mike Chakeres, Nancy Dray, Charles Runnels, Jack Witherspoon.

3.60 - Elizabeth Henry.

3.50 - Joanne Clickner, Nancy Roberts, Doris Pennington, Richard Smith.

3.25 - Barbara Chaney, Jane Pen-

rod, William Steen.

3.00 - Mary Ann Barr, Gilbert Crouse, Tom Rankin.

GRADE 10:
4.00 Average - Sandra Atkinson, Peter Hayes, Robert Huff, Mary Jane Limes, Buddy Lynch, Sharon Smith, Ann Waters.

3.75 - Carol Hyer, Paulette Pennington, Becky Robinson, Barbara Rose, Jerry Wright, Don Tracey.

3.60 - Reva Fackler, Karen Thomas.

3.50 - Duane Callender, Marilyn Flee, Connie Iles, Jerry Sheppard, Paula Slagle, Janet Welch.

2.40 - Neila Cousins, Martha Donahoe, Kathy Higer, Mary Seymour, Wilda Turner.

3.25 - Mary Alice Coil, Wendell Crosswhite, Jack Gardner, Melvin Haines, Robert Johnson, Jane Merriweather, Diane Thompson.

3.20 - Linda Miller, Therese Rohde, Bill Southworth, Luther Wilcoxon.

3.00 - Ruth Arnold, Jean Ducey, Sandra Gill, Michael James, Marilyn Leeth, Eileen Picklesimer, Mike Sommers.

GRADE 11:
4.00 Average - Ronnie McCray, Maureen Smith.

3.80 - Patricia Robinson, Cora Lee Shaw, Jowanda Wilson.

3.75 - Jack Wilson.

3.67 - Lynne Boylan.

3.60 - Donna Burke, Jack Cartwright, Ron Coffman, Jane Davis, Pat Hagan, Rosalyn Marting, Jane Whiteside.

3.50 - Shelby Tubbs.

3.40 - Connie Cummings, Florence Pennington.

3.25 - Dorothy Cunningham, Helen Ducey, Sandra Hill.

3.20 - Jack Penwell.

3.00 - Jane Alkire, Barbara Cutlip, Mike Lawrence, Ann Lentz, Marilyn Miller, Jack Moats, Helen Smith, Carolyn Williams, Jane Wright, David Korn.

GRADE 12:
4.00 Average - Mary Ann Hackett, Erma Rodgers.

3.80 - Marianne Mouser, John Rhoad.

3.75 - Joyce Hamilton, Joyce Lutz, Harold Orthmeyer, Jo Peters, Bill Wead, Carolyn Wilhelm.

3.60 - Earl Palmer.

3.50 - Judy Brooks, Wanda Huff, Sylvia Robinette, Larry Slavons, Kathe Wright.

3.40 - Kristine Himmelsbach.

3.25 - Bob Burris, Ron Dowler, Janet Ellis, Linda Halliday, Roger McLean, Jim McWilliams, Charilyn Reinke, Jo Rhoads.

3.20 - Connie Campbell, Tom Swaim, Nancy Wood.

3.00 - Jean Bennett, Joan Knisley, Linda Laymon, Sylvia Lee, Joy Lucas, Martha Parrett, Doug Rider, Harold Shackelford, Jim Wilson.

Gasoline Firms Change Credit Card System

Plastic Holder Plan Gaining Popularity; Time Saving Claimed

By SAM DAWSON
NEW YORK (AP)—Millions of car owners this month are joining the ranks of those who slice time off their stops in service stations by using plastic embossed credit cards.

These cut even more time off the handling of credit in the accounting rooms of oil companies as they push millions of credit records through electronic tabulators.

The move from the paper credit card is spreading to the hotels, with the American Hotel Assn. issuing 120,000 of its own credit cards and encouraging its members to install machines to do the accounting in jig time.

This month Esso, Texaco, Sococo and Continental started using the new system. Only a handful of oil companies still stick to the paper card method, where the service station attendant copies all the data onto invoices.

Soco Mobil says the old process took an average of just under two minutes, while the new method cuts this to under one minute.

The attendant puts the customer's card in a mechanical imprinter, which contains the dealer's identification plate (a metal one). Both bits of information are imprinted on the credit invoice. The dealer has only to write in the sale amount; the customer only to sign his name.

Makers of the cards include: Farrington Manufacturing Co. of Needham Heights, Mass., supplying among others Atlantic Refining, California Standard, Humble, Phillips, Shamrock, Shell and Tidewater; and Addressograph-Multigraph of Cleveland, whose early customers include Cities Service, Indiana Standard, Sohio, Ohio Oil, Richfield and Union Oil.

Cards cost from three to six cents each, depending on the amount of data on them, and the imprinters from \$26 to \$44.

Oilmen say that credit card accounts are approaching one third of total service station business. Losses have been held under 1½ per cent for the most part and some companies report them much lower.

Insurance Firm Chieftain Jailed

TRENTON, N. J. (AP)—A year ago John R. Cooney appeared the pillar of integrity in the national insurance field. Today he was in a state prison hospital bed.

Cooney, 66, was sent directly to the hospital ward Friday after a prison doctor found him too sick to start serving his 1-2 year term for embezzlement.

He was brought to the prison by sheriff's deputies from Essex County, where he had pleaded no defense to accusations of siphoning \$262,000 from the Loyalty Insurance Group companies he headed at \$85,000-a-year.

Dairymen Name Chief
COLUMBUS (AP)—The Ohio Dairy Products Assn. has elected A. L. Shough of the Kroger Co., Cincinnati, president, succeeding Richard McClellan of McClellan's Dairies in Logan and Lancaster.

Watch Dog Pacified
SAUGUS, Mass. (AP)—Paul S. Murphy said thieves ransacked his home of \$1,000 in cash plus furs and jewelry after giving his watch dog frozen steaks to eat.

Man Who Has Been in Russia Lions Club Meeting Speaker

One of the few Americans who has gone behind the iron curtain into Russia since World War II will be the principal speaker at the

FERRIS OWEN

annual "four paw" meeting of the four Lions Clubs in Fayette County Tuesday evening at the Country Club here.

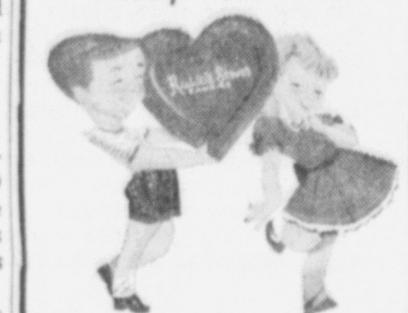

Ferris Owen, vice president of the Ohio Farm Bureau Federation, was one of 15 American farmers to make a six-week tour of the Communist country during the summer of 1955. And, indications are that he will devote at least part of his talk to the Lions to what he saw and heard there.

The tour took the Americans over 10,000 miles inside the Soviet Union—through the Ukraine, Crimea, Siberia and Asiatic Russia. They also visited Moscow and other Soviet cities.

His fellow tourists chose Owen as chairman of a committee to draft recommendations for the Russians on how they could improve their agriculture.

HE WAS SELECTED in 1952 to represent Farm Bureau members of Holmes, Coshocton, Knox and Licking counties on the board of trustees of the state organization

Court Orders New Holland Bills Be Paid

CIRCLEVILLE — A court order has been signed by Pickaway County Common Pleas Judge William Ammer permitting payment of teachers' salaries and other necessary bills in New Holland and Wayne school districts.

Both districts have filled injunction proceedings here asking that money and other assets of their districts should not be turned over to the newly consolidated Westfall School District. Temporary injunctions were granted.

Both districts also have submitted petitions to the State Board of Education asking transfer to other school zones. Wayne Township desires to join the Circleville school system and New Holland asks transfer to Miami Trace, Fayette County. All action involved still is pending.

JUDGE AMMER signed the order after New Holland and Wayne's attorney, Joseph Asher and the Pickaway County Board of Education's attorney, William Knepper, came to this agreement.

George McDowell, superintendent of county schools, said that if this order had not been signed the teachers and bills of the school districts concerned would not be paid until settlement of the issue at hand.

The teachers last were paid during the second week in December.

Courtroom Photography OK Is Urged

CLEVELAND (AP)—The American Bar Assn. should permit use of miniature cameras in courtroom photography, the Ohio Newspaper Assn.'s freedom of information committee has urged.

Philip W. Porter, committee chairman, Sunday urged the bar association to consider small, silent cameras on their own merits. Inconspicuous miniature cameras should not be included in the ban on larger press cameras, television cameras and lights and radio microphones, Porter said.

The presiding judge also should be given the right to decide the issue of picture taking in his own courtroom, urged Porter, Sunday and feature editor of the Cleveland Plain Dealer.

Many People Really Becoming Space-Minded

A little Washington C. H. elementary school girl was heard to say to a companion, just the other day, "My daddy promised he would take our whole family on a trip to the moon just as soon as I graduate. Who knows? Maybe her daddy is right."

With all the talk that is going on, the public is becoming used to the comments on new types of jet planes, missiles and satellites and even trips to the moon.

Just recently TV put on an interesting show on "flying saucers" and the reports concerning them, which proved somewhat enlightening but still admitted that there was a small percentage of the accounts by witnesses of mysterious objects in the sky for which no satisfactory explanation could be given after serious investigations although many of the "scare" stories could be and were accounted for from natural causes and effects.

There is so much talk about space travel that there are reports, even of some hardheaded people used to the practical business of the present, who have been speculating on the business possibilities even so far as obtaining claims or ownership of real estate on the moon, Mars or Venus.

While this sounds ridiculous to a lot of us, it must be remembered that discoveries made over the years of past generations have made most of us realize that the science-fiction of today may be the

factual reality of tomorrow.

There can be no doubt that our nation and some others, are recognizing the need to plan for a future when control of outer space around the earth may be a very vital matter.

President Eisenhower has established the Advance Research Projects Agency and this announcement may not have been recognized for the importance it deserves.

From now on ARPA will have the responsibility of peering into the future and imagining our needs. It will concern itself with anti-missile missiles, reconnaissance satellites, space platforms, and the like. The best man available for this job should be found and he should be supported by the most capable staff that can be secured.

The idea of a research organization to investigate possible new weapons and defenses has a strong precedent in our wartime Office of Scientific Research and Development. It also has a counterpart in the research units of the British Ministry of Supply. It was the latter, in cooperation with the British Aircraft Ministry, which produced sky-borne radar and night-fighter equipment in the last war.

ARPA has the distinct advantage of being a civilian organization, entirely separate from the Armed Services.

Needed: 2 Fridays a Week

NEW YORK (AP)—Some optimists believe one way to reform the world is to reform the present calendar.

Instead of a 12-month year, they would have us adopt a 13-month year. Each month would be 29 days long for a total of 364 days and the 365th day would be bonus day for worldwide celebration.

There would be no middle of the week holidays. All holidays would fall on weekends, thus extending these joyous periods to three days.

All such schemes to enhance the happiness of mankind by modifying the calendar, however, have so far fallen flat. Why? Not, perhaps, because of the common man's stubborn resistance to change. The true answer may be this—because the proposed changes don't go far enough. The gains achieved don't

seem quite worth the nuisance of the effort required.

If we're going to make a change, why not make a real change? Why not adopt a new calendar with two Fridays instead of one?

This might require a four-day work week instead of the present five-day one, but after all any change requires sacrifice—and this is a sacrifice more and more people seem willing to face.

"Why not two Sundays or two Saturdays instead of two Fridays," someone might well ask.

It is true that a week with two Sundays (one for playing golf, one for going to church) holds certain moral advantages. But it also has obvious disadvantages. What wife wants to cook two Sunday dinners a week? Who has the endurance to watch those Sunday night television shows twice in seven days?

By Hal Boyle

It is even easier to wash out the argument for a week with two Saturdays. Saturday used to be the get-paid-have-a-haircut-take-a-bath-and-spend-a-night-out-on-the-town day. But that was a generation ago.

Today Friday is the glamor day of the week, and Saturday is just a kind of misfit recover-get-well-and-rake-the-leaves day which nobody really quite knows what to do with. It is for all those dull little projects you can't get done during the rest of the week.

Double mankind's Fridays and you double mankind's cheer. Double a man's paydays and he will have twice as much fun. He will even willingly pay enough taxes to support his government in the style to which it wants to become accustomed. And, as everybody knows, a happy government makes for happier people.

Has Pentagon the Veto Power?

Gen. Nathan F. Twining's agitation before the Senate Preparedness Subcommittee had a familiar ring.

He was annoyed with the committee for asking questions of military officers which the President had already answered. Precisely where else would a committee of Congress obtain the information if it did not come from those officers in the Pentagon who know the answers?

Does the Bureau of the Budget have a veto power over the acts

of Congress as was established in the testimony of several witnesses?

If anyone believes that that is so, he ought to read the law establishing the Bureau of the Budget and he will discover that it has no option but to obey an act of Congress, particularly an appropriations bill and that if the Bureau of the Budget diverts funds from purposes stipulated in an appropriations bill, passed by Congress and signed by the President, the head of that bureau is violating the law.

One of our difficulties today is that government tends to grow anarchic because there is an evasion of limitations placed upon various agencies by the Constitution.

The Supreme Court has become legislative; the White House has become autocratic; Congress has become accustomed to be rubber-stampish and to be fearful of criticism, so that even Democratic senators kow-tow to a Republican president and the other way around when the President is a Democrat.

Meanwhile the world has ceased to respect us for the very simple reason that we do not deliver when it is dramatically important to keep not only our promises but the hopes of the world high. I was reminded of a memorandum written in August 1942 by Dr. Stanley K. Hornbeck, advisor on political relations of the State Department, in which he said:

"...Until the end of 1941, the peoples of the Far East, whether they liked us (and the British) or not, had great respect for us and felt confidence in us. Events in the Far East—to say nothing of those in Europe—during the past eight months have greatly diminished their respect for and weakened their confidence in us."

Those were the words of an ignored prophet who saw what was ahead in Asia, in China, Japan, the Philippines, Okinawa, Indonesia. We poured not only billions of dollars into that part of the world; we buried thousands of American youth there and that we cannot forget even if we can forego the dollars.

It is not only in Asia that we face the severe loss of face because of Sputnik. The same is true in Europe where some countries are afraid to accept our missiles and rockets and even dollars.

The same is true if the British or Canadians want to go their own way even when to go their own way is cutting off their noses to spite their faces.

In a word, we face the same difficulty that we did when we lost the Korean war.

Countries always reassess their policies after a defeat and Sput-

By George Sokolsky

nik was for us the principal manufacturing nation on earth, a defeat. It is for this reason that Congress needs to pry into the secrets of the Pentagon which is not a gentleman's club where old cronies get together to scratch each other's backs, but the central organ of the United States for the defense of the country upon the efficiency of which our lives and the future of our country depends.

The notorious Zwicker case was precisely over this problem, namely how far may an officer go in telling the truth when he has been silenced by a superior. Gen. Twining said:

"You can say it (the budget) is inadequate, and turn your suit in. We do not play that way. If you say it is adequate, then you do not feel good about that."

"In the military terminology, a commander makes a decision and if everybody starts bucking it, it is just no good, you have no military."

That ought not to be acceptable by the Congress, which has a right to know the truth about the state of the nation.

If Congress appropriates too little money or if the people hate to pay heavy taxes, it could be because the truth has not been made known to them.

The truth is not known yet despite investigations and a plethora of speeches.

Why did Russia Sputnik first? That is the question.

FOR THE KIDS—James F. Stiles, Jr., new national director of the Treasury's savings bond division, holds a baker's dozen \$30 bonds he bought for each of 13 grandchildren. "Well, to make a long story short..."

Diet and Health

Pneumonia and Flu Death Rate Is High

By HERMAN N. BUNDESEN, M.D.

THIS is pneumonia and influenza weather. There are three times as many deaths from these two diseases during January and February than during a summer month like August.

Unfortunately, many persons these days mistakenly believe that we don't have to worry about the flu or pneumonia any more. With our modern drugs, they feel, these diseases no longer are dangerous.

Not True

This just isn't true. The pneumonia-influenza team is the sixth leading cause of death in America. It killed about 45,000 persons last year. That's more than the total number of persons killed in motor vehicle accidents.

Now don't misunderstand. By using various anti-pneumonia sera, then the sulfonamides, and, more recently, the broad-spectrum antibiotics, we have made great strides in combating the pneumonia-influenza death rate. But neither disease is licked yet—far from it!

Attacks Very Young

The very young are most susceptible to the ravages of either disease. Back in 1954, the last year for which I have world figures, deaths among victims under one year were nearly 100 times higher than mortalities between the ages of 15 and 24.

Preschool children and young adults appear to have benefited most from our fight against these communicable diseases. Since 1900, doctors have slashed the mortality rates about 95 percent for children from one to four and for persons between 15 and 34.

Try and Stop Me

By BENNETT CERF

LEO GUILD tells about a Hollywood publicity man who concocted a stunt whereby a client would land a helicopter on the post office and mail a letter. "Nothing doing," said the client. "It's safe as sitting in an armchair. It's colossal!" declared the agent. "Then you do it first," said the client.

The publicist did it. The client, waiting on the post office roof, said, "You win," climbed into the helicopter to fly off and repeat the stunt for the photographers. The publicist then fainted dead away.

The lady fair observed with some contempt that her knight errant was shaking in his armor as the flame-belching dragon waddled closer and closer. Finally the lady fair burst out, "Don't just stand there, you goof! Slay something!"

Errol Flynn recalls a bachelor dinner he attended. The bridegroom-to-be had such a wonderful time he called off the wedding. © 1958, by Bennett Cerf. Distributed by King Features Syndicate.

Businessman's Role in TV Is Under Fire by Ed Wynn

HOLLYWOOD (AP)—There's something wrong, says Ed Wynn, when singers like Dinah Shore and Perry Como are telling jokes, actors like Boris Karloff are dancing and comedians like Ed Wynn are doing dramatic roles.

This was Wynn's comment on the decline of comedy in films and television today. He attributes the trend to a lack of vision on the part of businessmen.

"I'm not against businessmen," he argued. "But I think they should stick to their field. I don't tell General Motors how to run their business. I don't think businessmen should dictate how entertainment should be run."

"Nothing is so essential to the nation today as amusement, which I take to mean laughter. Yet they take great comedians like Sid Caesar and Jackie Gleason off the air."

"Then they decide they need some comedy, so they give it to singers like Perry Como and Dinah Shore. They are my dear friends, but they aren't funny."

"They take Ed Wynn, who has been a comedian since 1904, and make a dramatic actor out of him. It doesn't make sense." The veteran comic blamed this topsy-turvy world on businessmen

Statistics show that men are more likely to die from two diseases than women. In the age bracket of 45-64, twice as many men as women die of the flu or pneumonia.

Non-Whites Susceptible

Influenza and pneumonia deaths also are twice as high among the non-white population as among whites. Traditionally, mortality rates are high among persons engaged in specific occupations such as mining and welding, since these jobs are often fatiguing and require exposure to bad weather and abrupt changes in temperature.

Working around irritating gases and dusts also is a hazard of such jobs.

More city residents survive flu or pneumonia attacks than do rural persons because of the availability of more intensive medical facilities in large cities. But general climatic factors don't appear to make a great deal of difference in mortality rates.

QUESTION AND ANSWER

T. C.: My little girl, who is 11, has hair on her upper lip and on her arms and legs. Otherwise, she is normal.

Would you recommend having this hair removed now?

Answer: As a rule, it would be well to wait until your child passes through puberty before any treatment such as electrolysis is attempted. Many times this hair disappears at the time of sexual maturity.

Sometimes a disorder of one of the endocrine glands, known as the adrenal gland, may be the cause of this trouble.

The Nation Today

James Marlow

WASHINGTON (AP)—There's no real togetherness in dancing with a bear. It never leads to going steady.

We've been waltzing with the Russian bear since World War II—on disarmament—and agreement still looks, if not impossible, years away.

The Russians wouldn't agree when they were away behind: when we had the monopoly on atomic weapons and superiority in planes to deliver them.

They're not likely to agree now when they have atomic weapons, are ahead in missiles, and may soon be ahead in planes.

What the world faces is a continued and enormous arms buildup and then one of these two possibilities:

1. A gigantic stalemate in which because both sides have the power to destroy each other, neither will take risks.

2. A Russian gamble.

When it has the power to destroy the United States—if this country attempts to stop aggression—Russia may start endless small aggressions.

That is: small wars or intrigues

or other devices, much bolder than anything seen so far, to take over its neighbors and the world.

That policy would be a gamble that the United States, facing annihilation in a big war, would not start a big one to stop a small one.

Meanwhile, both sides laid down disarmament terms neither will accept. Since neither trusts the other, both have this problem: How to look good while arming to the teeth?

The result has been a lot of propaganda, with regular flurries of "Yes, indeed, but—" kind of talk. We've just been through one of them.

This latest one began in December when Premier Bulganin, who is becoming everybody's pen-pal, wrote letters to this country and its allies.

He proposed a summit conference to talk disarmament. This was good propaganda. Unless we answered with something positive, the Russians would look good and we'd look terrible.

It put President Eisenhower on the spot. So much so that Secre-

tary of State Dulles indicated the Russians were beating us in propaganda. Eisenhower finally answered.

He was all for disarmament, and wanted to extend it to space missiles too, but—Before we disarm, he made it clear, we want foolproof guarantees against Russian cheating. This has been the standard American position. Congress could hardly approve any other.

Over the weekend Communist party boss Khrushchev gave an answer which also contained a big "but"—one this country could not accept. All he really did was to repeat what has become the standard Russian position.

He said Russia would discuss a ban on intercontinental missiles—but only as part of a package deal. That package must include American agreement to abandon its overseas bases.

But it's on those bases—now equipped with bombers, soon to be armed with missiles—that this country depends as its first line of defense for fast retaliation against any Russian aggression.

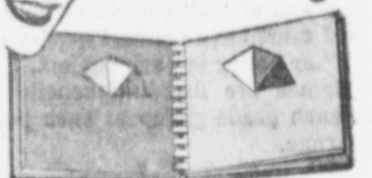

Balloon Test Flunked

HUNTINGTON, W. Va. — The suspected intoxicated driver indignantly demanded that he be given a drunkometer test.

A laconic notation on the police blotter told the result: "Too drunk to blow up the balloon."

Round about Fayette County

By B. E. KELLEY
I am informed that, following a change in the law relating to shoplifters, some of our store proprietors are planning prosecution of these people who steal goods.

It seems that a general policy of warning such thieves, and passing the word along from store to store to watch for them, has been carried out.

Now under the plan of prosecuting such thieves, warnings would be abolished and the person caught stealing goods, or with stolen goods in their possession, would be arrested and prosecuted for petty larceny, or, if the amount of goods warranted, for grand larceny.

Discussing such thefts, one of the supermarket managers said that such thieves are not confined to those who might be short of funds, but to some well-to-do persons who would be greatly embarrassed in being prosecuted for stealing.

A policy of watchfulness is carried out in most of the stores, and in many instances the thieves are caught red-handed.

One store manager declared that there are more men caught stealing goods than women, probably because men do not carry shopping bags or have other means of concealing the goods as readily as women.

Theft of goods has been surprisingly heavy, hence the policy of prosecution instead of warnings and recovery.

RADIOS ROUT ROBBERS

Two-way radios with which the police and sheriff's offices and cruisers are equipped, have proved their worth in discouraging thieves and other law violators who fear arrest for depredations, such as robbery of places of business and farm premises.

The fact that all police and sheriff's vehicles are equipped with two-way radios, and that considerable night patrolling is done from the sheriff's office, has put an end to much of the thievery on farms, (such as chickens, hogs and corn) with the possible exception of gasoline, from tanks and equipment.

Thieves now know that within a few minutes after their presence is discovered, there may be two or three patrol cars headed toward them to fence them in and prevent escape.

In other words the sheriff's office is in touch with local police, officers of other counties, and the state highway patrol, so that a bevy of officers may be summoned if the offense warrants,

and a wide cordon thrown about those seeking to escape.

Likewise more farmers have electric lights that may be switched on in an instant and the "spotlighted" thieves suddenly find themselves good targets for shotguns and other weapons.

Night patrols are being continued, both in the city and county, and crime is being held to a minimum generally.

RECORD NUMBER OF BRIDGES

So far as known no single contract in Ohio in recent years has carried with it as many bridge improvements as that on Route 734, or State Rd. and Middle Jamestown Rd., where three large bridges and two smaller structures are to be completed this year by W. E. Engle.

In addition to the main bridges over East Fork of Paint, Main Paint and Rattlesnake Creek, there are two large culverts or small bridges to be built west of the Rattlesnake span.

Work on the project was started last fall and will be pushed as weather permits.

The six structure are within a distance of some nine miles.

40 YEARS AGO

America, feeling pinch of World War I, had 500,000 men in France and was rushing to place a million more there within a year.

Millions of shells of all sizes were being produced for U. S. artillery on the Western Front.

Two Americans were killed and four others were wounded in front line engagement in France. The Germans announced that all Americans captured would be "placed in cages for four days without food or water".

Riots were occurring in Berlin and a big strike was called. Italians drove the Germans and Austrians back on the Italian front.

Sixty-two additional men were called up for physical examination here on Feb. 1. Out of 253 men examined 39 were found unfit for military service.

A German arrested near the Washington Milling Co. plant, where an attempt had been made to destroy the plant by fire, was turned over to federal authorities in Columbus.

Lou A. Green was sent to Puerto Rico to be inspector of work at a cantonment being erected there.

The sugar shortage was acute here.

All persons were required to buy as much cereal as they did flour, or no flour would be sold to

them, as part of food conservation plan.

The War Board urged war on rats' each of which destroyed \$3 worth of property annually.

H. W. Bussert, corn king, was without corn for seed, due to early freezing of the grain with unusual moisture content.

Williamsport schools, closed for weeks on account of smallpox reopened and dropped German from list of studies.

The work of remodeling the Myers building for city purposes was under way. (It is now part of the city building, but at that time stood 12 feet south of city building.)

Lightning occurred during heavy sleet storm here. A sleet storm raged all night.

Snow had remained on ground over five weeks, and more was falling.

The War Council was organizing every precinct in the county to facilitate war work.

The work of rounding up draft evaders was under way, and slackers were being arrested.

Eggs were selling at 5 cents each. A team of Percheron horses sold for \$1,800 at the Brown and Ayers and Roy Hagler sale.

Ex-Wilmington College Chief Dies

COLUMBUS (AP)—Dr. Walter L. Collins, prominent Ohio educator, died Sunday at Doctors Hospital here. He was 68.

Collins, a resident of Marysville, was president of Wilmington College from 1932-40. He then became director of the division of instruction in the State Department of Education. He had held that job six years, with an interruption from 1943-45 while in the Army.

In 1946 he became superintendent of schools in Kenton, retiring three years later.

Services will be held Tuesday in Friends Church, Wilmington, with burial there also.

Toledoans Get Prince

NICE, France (AP)—A 5-month-old puma was delivered to a zoo in nearby Monte Carlo Sunday by Miss Lee Knight of Toledo, Ohio. The puma, a 25-pounder named Tarnish, was a gift of the Toledo Zoo to Prince Rainier of Monaco.

Ethiopia is a kingdom in Africa of about 350,000 square miles and has a population of about nine million.

Revenue Agency Reverses Expense Account Ruling

EDITOR'S NOTE: Here's an explanation of the Internal Revenue Service's stand on the controversial line 6 (a), sixth in a series of eight articles designed to aid you in filing your tax return on 1957 income. Clip and save it for use in preparing your tax form.

By G. K. HODENFIELD
AP Newsfeatures

Last fall the word got out that the Internal Revenue Service was adding a new line to form 1040 for the reporting of job-connected travel expenses and money that taxpayers spent on expense accounts.

The idea was to crack down on taxpayers living high off expense

accounts, but failing to treat this expense account money as income.

Putting the new line 6(a) on the first page of form 1040 had one basic purpose: to bring right up to the front the total amount claimed as business expenses.

That way it could be checked easily, without opening each individual form.

Anyone reporting abnormally high expense accounts would be suspected and probably would be asked to justify his deductions.

There has been a rule on the books since 1921 requiring that all money received on expense accounts be reported as income.

Money actually spent on job-connected expenses, of course, could be deducted.

THE RULE doesn't differentiate between the grocery clerk who gets 30 cents trolley fare to take a box of groceries to Mrs. Jones' house, and the big executive who takes a trip around the world and

chalks it off to business expenses. But if the Internal Revenue Service was going to crack down, it had to get a report from everyone. Thus the official word was that anyone who had any sort of expense account would have to fill in the new line.

The news was greeted with howls of protest. The average taxpayer, who has been breaking even or maybe making a little bit on his expense accounts for years just didn't have the records to back up the required statements.

And his employers could foresee thousands of dollars spent in digging up those records for him.

A few weeks later the revenue service backed down. It acknowledged that the decision to add the new line had not been made public until 10 months of the tax year had passed, and hence had a retroactive effect.

Taxpayers this year, the IRS decided, could treat those travel and reimbursement expenses, etc., for 1957 just as they had in the past.

But the announcement carried the warning that taxpayers should keep adequate records during 1958 so they'll be in a position to make an accounting next year.

THIS IS WHAT it means to you: If in 1956 you were given \$200 in expense account money by your employer and you didn't report it as income, you don't have to report anything you got in 1957 on an expense account. That's true whether you broke exactly even or made a profit.

However, if you reported that \$200 as income (which you should have), and then deducted what you actually spent for your employer, you should follow that same procedure this year.

The IRS acknowledges that thousands of taxpayers haven't—in past years—been reporting the comparatively small amounts they get for cab fares, meals bought while working overtime, telephone calls, stamps etc. And, frankly, the IRS hasn't been too much concerned with that fact.

But this much seems certain—the IRS wants to get at those taxpayers who have been using their expense accounts to cheat the government and, thus, other taxpayers. So, this will probably be the last time you'll have a choice as to whether to make a report on your expense account.

EVEN THOUGH you aren't required to use line 6(a) this year, it may be to your advantage to do so.

The items to be included on this line are:

1. Out-of-town travel expenses. This means a trip away from the

city where you normally work, and staying away at least overnight.

The expenses can include the cost of transportation meals and lodging, and such things as tips to the porter, baggage charges, cabs, hire of public stenographers etc.

You can't, however, include here any entertainment expenses or such personal expenses as getting your suit pressed.

2. Other transportation expenses. This would include the use of your own automobile around the city where you work while on business for your employer, or cab, subway or trolley fares while on this business.

3. EXPENSES OF outside sales-

men. This includes all necessary and ordinary expenses incurred by outside salesmen. It applies only to full-time salesmen who solicit business for their employers away from their employers' place of business.

4. Any other job-connected expenses incurred by you for which you are reimbursed by your employer.

(Unlike the first three categories, in this group your expenses must not exceed the amount you received from your employer. If they do exceed your reimbursement, the additional expenses will have to be entered along itemized deductions on page 2 of form 1040 to lower your tax.)

Expenses in these four categories (remember the limit on category 4) may be deducted on line 6(a). However, any money your employer gave you during the year to take care of these expenses must be included as income on line 5.

NOW IF YOUR expenses outrun your reimbursement, it obviously is to your advantage to list them. Your expense deductions will be greater than your expense "income," and by that amount you will reduce your adjusted gross income.

And the adjusted gross income

is the basic figure, the important one, in determining what you owe Uncle Sam in taxes.

A complete breakdown of allowable job-connected expenses must be attached to your form if you use line 6(a). You can either do it on a separate sheet of paper, or ask the IRS to send you a copy of form 2106, which is for that specific purpose.

The breakdown should include money spent on transportation fares, meals and lodging, local transportation, and automobile expenses.

You should also make a further breakdown of the automobile expenses, showing the amount spent for fuel, repairs, depreciation, etc.

The deductions outlined above are the only ones that can be deducted on line 6(a).

The next article will tell you about other job-connected expenses that can be itemized on page 2 of the form 1040—expenses such as union dues, tools you must buy, etc., and other job-connected expenses for which you are not reimbursed.

men. This includes all necessary and ordinary expenses incurred by outside salesmen. It applies only to full-time salesmen who solicit business for their employers away from their employers' place of business.

4. Any other job-connected expenses incurred by you for which you are reimbursed by your employer.

(Unlike the first three categories, in this group your expenses must not exceed the amount you received from your employer. If they do exceed your reimbursement, the additional expenses will have to be entered along itemized deductions on page 2 of form 1040 to lower your tax.)

Expenses in these four categories (remember the limit on category 4) may be deducted on line 6(a). However, any money your employer gave you during the year to take care of these expenses must be included as income on line 5.

NOW IF YOUR expenses outrun your reimbursement, it obviously is to your advantage to list them. Your expense deductions will be greater than your expense "income," and by that amount you will reduce your adjusted gross income.

And the adjusted gross income

is the basic figure, the important one, in determining what you owe Uncle Sam in taxes.

A complete breakdown of allowable job-connected expenses must be attached to your form if you use line 6(a). You can either do it on a separate sheet of paper, or ask the IRS to send you a copy of form 2106, which is for that specific purpose.

The breakdown should include money spent on transportation fares, meals and lodging, local transportation, and automobile expenses.

You should also make a further breakdown of the automobile expenses, showing the amount spent for fuel, repairs, depreciation, etc.

The deductions outlined above are the only ones that can be deducted on line 6(a).

The next article will tell you about other job-connected expenses that can be itemized on page 2 of the form 1040—expenses such as union dues, tools you must buy, etc., and other job-connected expenses for which you are not reimbursed.

men. This includes all necessary and ordinary expenses incurred by outside salesmen. It applies only to full-time salesmen who solicit business for their employers away from their employers' place of business.

4. Any other job-connected expenses incurred by you for which you are reimbursed by your employer.

(Unlike the first three categories, in this group your expenses must not exceed the amount you received from your employer. If they do exceed your reimbursement, the additional expenses will have to be entered along itemized deductions on page 2 of form 1040 to lower your tax.)

Expenses in these four categories (remember the limit on category 4) may be deducted on line 6(a). However, any money your employer gave you during the year to take care of these expenses must be included as income on line 5.

NOW IF YOUR expenses outrun your reimbursement, it obviously is to your advantage to list them. Your expense deductions will be greater than your expense "income," and by that amount you will reduce your adjusted gross income.

Washington C. H. WCTU meets in the home of Mrs. Homer Garringer at 10:30 a. m. There will be a covered dish dinner. Mrs. Ester Madsen, Columbus, president of Ohio WCTU, will be the afternoon speaker.

Workshop Is Rockin' As Elvis Sneaks In

OKLAHOMA CITY (AP) — Employees of the Baptist Book Store, in a hurry to get to a religious workshop, scooped up a bunch of religious records that had just arrived.
At the workshop, they stacked them on a record player and swayed to listen.
Suddenly, they were all started by a jumping Elvis Presley song. No one could figure out how the Presley record got into the religious stack.

Musical Program Enjoyed by Junior Cecilians

The January meeting of Junior Cecilians was held in Grace Methodist Church Fellowship Hall Friday afternoon.
John Frederick, president, conducted the business meeting, during which the usual reports were given. It was announced that auditions for prospective members will be held preceding the February meeting.

Mrs. Harford Hanks Jr. presented the program, using as her subject "Composers of Song." Mrs. Hanks spoke of the various types of music to be sung.

The following program was presented by the Junior Cecilians: Patti Wilson, piano solo, "The Sweet Violet;" Marjorie Rossmann, piano solo, "The Mill;" Fay Williams, piano solo, "Sleepy Hollow Legend;" Carolyn Foster, piano solo, "Little Irish Dance;" and Debbie Everhart, piano solo, "The Penny Whistle."

To illustrate one type of vocal music, Debbie Everhart and Gail Lynch sang a hymn, "Jesus Bids Us Shine," and danced and sang to a folk tune entitled "Little Dutch Minna." Mrs. L. F. Everhart played the piano accompaniment.

To illustrate a lullaby, David Woodman sang "Lullaby," by Brahms. The piano accompaniment was played by Karen Woodman.

Mrs. Hanks sang "Who Is Sylvia" and "The Wanderer" to illustrate art songs. Mrs. Charles Hire played the piano accompaniment.
Refreshments were served by Mrs. Colin Campbell and son, Cody, and Mrs. Everhart and daughter, Debbie.

Miss Howard Honored with Kitchen Shower

Mrs. Maynard Smith honored Miss Janet Howard, bride-elect of Mr. Neil Davis, with a kitchen shower Friday night.

The beautifully wrapped packages were placed on a table decorated with a lovely flower arrangement and centered with a miniature bride and groom, using a pink and white motif. Descending from the chandelier was a pink sprinkler container with flowing pink streamers.

Contests were enjoyed with prizes being presented to Miss Betty Martin, Mrs. John Fisher and Mrs. John Boyer. They in turn presented them to Miss Howard.

The honored guest opened her lovely gifts and thanked each guest graciously.

The guest list consisted principally of employees of the Ohio Bell Telephone Co.'s traffic department, where Miss Howard is employed. They included Mrs. Norman Ralston, Mrs. Ruth Sexton, Mrs. Hubert Markley, Miss Anna Liscandro, Mrs. Martha Armstrong, Mrs. John Boyer, Mrs. J. W. Briggs, Mrs. Charles Butterfield, Mrs. Jack Doyle, Mrs. John Enoch, Mrs. John Fisher, Mrs. Ben Garringer, Miss Betty Martin, Mrs. Donald Moore, Mrs. Harold Rice, Mrs. Willard Ryan, Mrs. Newton Scott, Mrs. George Sheley, Mrs. Walter Smithson, Mrs. Howard Stevens Jr., Miss Phyllis Fisher and Mrs. Robert Highfield.

Also attending were the bride-elect's mother, Mrs. Brady Howard, and the groom's mother, Mrs. Glenn Earl Davis Sr., Circleville. Delicious refreshments were served by the hostess.

Fayette County Women Attend Presbyterian Meeting in Columbus

Over 450 women from the 50 churches in the Presbytery of Columbus met at the First Presbyterian Church in Columbus Friday.
A coffee and fellowship at 9:15 a. m. was followed by an organ meditation at 10:30 a. m. Mrs. Ormond Dewey, Washington C. H., president, called the meeting to order, and the many activities of the year were highlighted. The Women's "Second Mile" giving in 1957 was increased by \$6,000, making a total of \$37,125 to the Boards of National Missions, Foreign Missions and Christian Education.

Since the Presbyterian Church U. S. A. and the United Presbyterian Church are combining this year, the presidents of Women's groups and minister's wives of the United Presbyterian Church in this area were special guests.
A panel brought forth interesting facts concerning the youth work of the church and the future of the camping program. The morning closed with a worship service by the new moderator of Presbytery, Mr. S. Ezra McCulloh.

During the afternoon meeting Dr. Norma Dunning Farmer, from the Mary Wanless Hospital in Kolhapur, India, told of her work as doctor, surgeon, counselor and Bible teacher. She stressed the difference between the status of women in America and India, and urged that people turn to the teachings of Jesus Christ, and live by faith.

McNair Memorial Church, Washington C. H., was represented by Mrs. John Warnecke, Mrs. Loren Reif and Mrs. Robert Hyer.
Mrs. Thomas Parrett, Mrs. Robert Jefferson, Mrs. Orville Mickle, Mrs. John Glenn, Mrs. Vere Foster, Mrs. Elmer Simerl, Mrs. Leafy Edwards, Mrs. Clarence Creath, Mrs. Ray Larimer, Mrs. John Groff, Miss Amy Edwards and Miss Catherine Gossard represented the Bloomingburg Presbyterian Church.

Representing the First Presbyterian Church, Washington C. H., were Miss Jane Jefferson, Mrs. Dewey, Mrs. W. E. Klever, Mrs. P. C. Harlow, Mrs. W. Neil Hand, Mrs. C. L. Musser, Mrs. Peter Smeltzer, Mrs. John Sagar, Mrs. Herbert Clineker, Mrs. C. R. Philhower, Mrs. Roy Plymale, Mrs. Kenneth Craig, Mrs. James Yates, Mrs. C. S. Kelley, Mrs. James Parkinson, Mrs. Leo Edwards, Mrs. Frank R. Thompson, Mrs. Ralph Hays, Mrs. Dwight Roads, Mrs. Walter Rettig, Mrs. Omar Schwartz Sr. and Mrs. Maude Howland.

Many friends and relatives came with well filled baskets for a delicious dinner at the noon hour.
A centerpiece of a heart shaped candle, with the inscription "Jim and Ora" and greenery entwined around it, was admired by everyone. This arrangement was made and presented to the honor guests by Mrs. Frank Slager. A beautifully inscribed cake completed the table decorations.

Mr. and Mrs. Helsel received many useful gifts and thanked each guest graciously for remembering them.
Informal visiting and the taking of pictures provided enjoyment for all.

The children of Mr. and Mrs. Helsel attending were Mrs. George Posey, Greenfield; Mr. Walter Lee Helsel and Mr. Gerald Helsel of New Holland. Their other children who were unable to attend were Mrs. Robert Bennett (twin of Mrs. Posey), Sikeston, Mo., and Mr. Melvin Helsel Alexandria, Va. Another son, Donald, passed away in 1949.

Other guests attending included Mr. and Mrs. Frank Helsel, Mr. and Mrs. Dale Helsel of Columbus; Mr. and Mrs. Frank Slager, Bloomingburg; Mr. George Posey and daughter, Ann, Greenfield, Mr. and Mrs. Allen Helsel and daughter, Shirley; Mr. and Mrs. Clarence Roberts, Mrs. C. B. Wallace, Mr. and Mrs. James Doyle and daughter, Eileen, all of New Holland.

Late afternoon guests were Mr. and Mrs. Albert Helsel and children, Jennie, Loren and Janet, of Columbus.

Meeting Place Changed
The New Martinsburg Women's Society for Christian Service will meet with Mrs. John Corzatt at 2 p. m. Thursday, instead of with Mrs. Nathaniel Tway.
Mrs. Etta Ellis will be in charge of the program.

IT'S SO EASY TO PLACE A WANT AD.

Boosters Club To See How Band Starts

The Washington C. H. High School Band Boosters Organization, which was formed last fall to lend moral support and guidance to the WHS bands (variety, junior and elementary), will meet at 8 p. m. tonight in the high school band room.

In addition to talking over some possible suggestions for projects to boost the band program, around 30 boys and girls from the elementary schools will be there to help Bandmaster Robert Neumann show the boosters how the youngsters start learning to play a band instrument.

Neumann also is to explain to the group the whole band program of the Washington C. H. schools—how it is started with the youngsters in the elementary schools, who become members of the junior band when they get in junior high school and, finally, in the varsity band of 100-plus pieces.

The vacancies in the varsity band caused by graduation, an average around 20 to 25 a year.

Each of the three bands gives a concert once a year. The varsity band climaxes its activities with a spring concert, which is one of the outstanding events of the school year.

But, the varsity band probably is better known for its colorful half-time shows at the football games and for the part it plays in community affairs and parades.
There are now more than 250 boosters in the new WHS organization.

Vancouver Festival Planned for Summer

VANCOUVER, B. C. (AP) — Vancouver is joining the summertime festival procession with a 10-feature program of music, dance and drama next summer.

Features are to include presentation of a play "The World of the Wonderful Dark," by Lister Sinclair, the miming of Marcel Marceau and Mozart's opera "Don Giovanni."

The festival, from July 19 to Aug. 16, is under patronage of Vincent Massey, governor general of Canada.

Youthful Rocketeers Near \$400,000 Appropriation

NEW YORK (AP) — Ten enthusiastic young rocketeers, who in five years of experimentation have fired more than 200 missiles into the air, now have a design which they hope the government will encourage with a \$400,000 appropriation.

Their chances appear pretty good. Navy officials already have conferred with four of the lads in Washington. The whole group is in the process of being checked for security clearances.

Head and founder of the group which calls itself the American Rocket Research Society is Michael Beltran, 17, of Brooklyn. Ages of the members range from 17 to 21.

While they may be young, they have gained considerable wisdom and know-how in the experimentation and the firing of test rockets on a strip of deserted beach at Sandy Hook, N.J.

All this has brought them to an idea for a device they have affectionately dubbed "Harvey." It is a two stage, high altitude rocket which they hope to build with a type of lightweight material not ordinarily used.

The society members, with all the eagerness of conviction they are on the track of something exceptional, explain that they've planned it to be 22 feet long, with a weight of 250 pounds. They expect it to reach an altitude of 300 miles.

It would carry a load of 20 pounds and cost about \$5,000 "if it works out the way we figure," said young Beltran.

Its most promising aspects, he said, are the cost and weight plus an advance "in the staging technique."

Noting the lightweight feature, he compared the \$5,000 cost to what he said is about \$50,000 for present rockets "in similar configurations."

However, the society figures it would take an initial appropriation of about \$400,000 for research and development on the device before it could be built and fired.

The young men are seeking government funds for this purpose, and security clearance to gain access to government rocket information not available to the public.

They already have spent a year and a half developing their ideas for Harvey, which gets its nickname from the initials of its formal name: High Altitude Research Vehicle.

Mt. Everest, between Nepal and Tibet in Asia, is the highest mountain in the world with 29,022 feet to its topmost peak.

Collectors Assn. Meeting Draws Record Crowd Here

With the Teele Hatchery building packed to capacity, dozens of would-be exhibitors unable to show their wares, and many people not able to find parking places within several hundred yards, the Central Ohio Gun and Indian Relic Collectors Assn.'s first meeting of the year Saturday and Sunday, was the largest of the series held by that organization.

Nearly all available space was taken Saturday, starting at dawn, and Sunday the influx of exhibitors and visitors was such that the interior of the building was jammed most of the day.

For the most part it was a traders' meeting, with more trading going on than at any previous meeting, according to observers. However the number of cash sales was also heavy.

IN ADDITION to many from a distance who could not find parking room (both sides of the highway were filled with cars for nearly a mile, and all parking lots in the area were packed), others from this city and community turned away when they found parking space was not to be had near the hatchery.

As usual, several states were represented at the meeting, with many new exhibitors included in the list.

Big Ten Cage Race Slated To Pick Up Steam

Michigan To Defend Lead; OSU, Purdue To Vie for Runnerup

By THE ASSOCIATED PRESS
The Big Ten basketball race picks up steam this week with a pair of games tonight and four more Saturday when league-leading Michigan returns to action after mid-semester idleness.

Only two games separate the pace-setting Wolverines from cellar-dwelling Minnesota and Illinois and it's still anybody's race even though some of the teams will have completed half of their 14-game schedule by Saturday night.

Directly behind Michigan (3-1) there's a three-way tie which involves Ohio State, Michigan State and Indiana—all one-half game off pace with 3-2 records.

Ohio State will try to take sole possession of the No. 2 spot when it takes on Purdue (2-2) at Columbus tonight. Minnesota (1-3) invades Northwestern (2-3) in the only other game scheduled.

Both Minnesota and Northwestern are coming off Saturday losses. The Gophers dropped a 73-71 regional television decision to Iowa and Northwestern was trampled by Michigan State, 74-60. The other team to see action was Illinois which took an 81-67 drubbing from Notre Dame.

Both losing coaches had plenty of praise for their opponents last Saturday. Northwestern's Bill Rohr—beaten twice in the span of a week by Michigan State—said the Spartans "should go on to win the Big Ten title."

Johnny Green, MSU's leading scorer, paced the Spartan attack with 22 points and again turned in a top-notch performance under the boards. Captain Nick Mantis of Northwestern topped all scorers with 24 points.

Minnesota Coach Ozzie Cowles has seen all he wants of Iowa's Clarence Wordlaw. The 6-2 junior rode the bench in the first half but put in 15 points in the second half and scored Iowa's last seven points. His performance offset Minnesota's one-two punch of Ron Johnson and George Kline who scored 30 and 25 points, respectively.

"I knew Iowa must have a pretty good club if Wordlaw couldn't make the first team," said Cowles. "He did a fine job against us last year. But here he does it to us again."

Michigan will try to stretch its lead Saturday when it meets Purdue at Ann Arbor in a regionally televised scramble. Saturday night games find Northwestern at Illinois, Ohio State at Iowa and Minnesota at Michigan State. Indiana is at DePaul in a non-conference affair.

That swashbuckling band of Mountaineers from West Virginia blow into Durham, N.C., tonight to hang Duke's scalp alongside their other 14 victims of the basketball season.

This should be a relatively easy one for West Virginia, the top dog among the nation's court elite, for Duke has a 6-5 record.

The Mountaineers rest up after tonight and will have more than a week to solidify their forces for their meeting with St. John's of Brooklyn, the other undefeated major club, in Madison Square Garden, Feb. 6.

St. John's, with a 9-0 record, still has three games to tap before meeting West Virginia. The big hurdle for the Brooklyn Redmen comes Saturday against Temple, one of the strongest teams on the eastern seaboard.

In fact, there is no doubt about it that St. John's still is pretty much of an untested outfit. Joe Lapchick's lads still haven't met a club in the same class as West Virginia, the No. 1 team in The Associated Press poll, or for that matter, Temple.

Meanwhile, Adolph Rupp's Kentucky Wildcats, sailing along in the No. 9 post at the moment, play Georgia Tech tonight, Georgia Wednesday and Florida Friday, all South-eastern Conference games. Victories in all three would just about lock up the race for Kentucky.

Cincinnati, rolling along in fourth place in the current ratings, is in action twice this week, against Miami of Ohio Wednesday and Duquesne Saturday.

Cincy's Oscar Robertson is leading in the individual scoring race by a hair, 32.8 to 32.4. Kansas doesn't play this week, so there's nothing much Chamberlain can do except sit back and hope Robertson suddenly loses his touch.

Right behind the leaders is Elgin Baylor of Seattle who has a 30.2 average. He gets his chance to make up ground tonight against

Area Cagers Face Another Busy Weekend

With the basketball season fast approaching its climax here, four major league games have been scheduled for Friday night and a handful of lively non-league encounters set for Tuesday and Saturday.

A Washington-C. H. Circleville encounter on the Pickaway County boards Friday heads the docket. The game will play a major part in settling the Southeastern Ohio League pennant race now going on between Washington C. H. and Circleville.

Fayette County League action Friday will have Bloomingburg and Madison Mills meeting on the Bulldog boards and Jeffersonville-Good Hope battling at Jeff.

New Holland goes to Williamsport Friday for the final game of its busy season.

Bloomingburg and Good Hope will be the only county teams active Tuesday. The Bulldogs play host to West Jefferson, and Mad Anthony's travel to Atlanta for non-league games.

Saturday night marks the beginning of the end as the first area basketball team—Sabina—closes its season. The unbeaten Eagles travel to Xenia Wilson to defend their perfect record for the last time.

Bucksin plays at Good Hope and Atlanta at Madison Mills in other games the same night.

Circleville Swamps Franklin Heights

Circleville High School's hoopers Saturday rejoyined the large and rather inexcusable circle of teams that have pummeled future Southeastern Ohio League member Franklin Heights.

The Tigers turned the trick by a 50-28 score this time. It was a Franklin Heights' 16th straight loss and it came just 24 hours after they were beaten by Greenfield, the bottom team in the SCO loop.

The new Franklin County school has only three "grades" now, and will not graduate a class until 1959, the year it joins the SCO loop.

Circleville beat Franklin Heights in the previous encounter, 92-27.

Venturi Pockets Thunderbird Cash

PALM SPRINGS, Calif. — Ken Venturi, sharp-witted young professional from San Francisco, stood off an array of more seasoned performers Sunday to win the \$15,000 Thunderbird Invitational golf tournament.

Venturi, 26, a pro for only 13 months, put together rounds of 70-63-66-70 for a 72-hole score of 269, 15 under par for the route, to win the Thunderbird event. It was worth \$1,500 in cash and a \$4,500 sports car.

En route to the payoff, Venturi disposed of three-time winner Jimmy Demaret, Gene Littler, Jack Burke, Stan Leonard and Don Fairfield.

Santa Clara, Archie Dees of Indiana is fifth top scorer with an average of 25.5 points a game.

Junior Bowlers Wind Up Season

Tournament Won By David Armbrust

David Armbrust, 15, Galen Haines, 10, and Joe Keefe, 9½, rolled down top honors in a weekend round of junior bowling tournaments here Saturday morning.

Armbrust, who topped "em all with a 269, met all comers in the junior division, edging his closest competitor by eight pins. Haines, a southpaw, squeaked past the second place bowler in the bantam division by four pins. Keefe, winner in the "duck pinners" division, had the widest margin—16 over the second-placer.

Each winner received a trophy. Some 50 boys and girls took part in the tourney.

HAINES took honors as the "most improved" bowler of the season, coming up in seven weeks to the point where he won himself a championship.

The red team, captained by Rickie Kelley, was crowned champ in the league. Other members are Harry Haines, Bob Coll and Buddy Harris.

Besides Armbrust, other junior winners were: Sonny Yahn, 13, second, 261; Jerry Powell, 15, third, 247; Sue Graumlich, 14, fourth, 216.

Bantam runners - up include: Randy Lisk, 12, second, 241; Dan Coll, 11, third, 212; Danny Armbrust, 11, fourth, 210.

Trailing among the duck pinners are: Gloria Hall, 9½, second, 188; Tom Wood, 9, and Greg Anderson, 9, tied for third, 155.

The highest averages were by: Ed McConaughy 115, Randy Lisk 114, Sonny Yahn 114, David Armbrust 113, Dan McConaughy 109, Joe Henry 109, Joe Keefe 106, and Sue Henry 106.

Other league averages: Barry Powell 105, Jerry Powell 105, Larry Armbrust 104, Rickie Kelley 103, Harry Haines 99, Greg Anderson 98, Terry Armbrust 97, Dan Coll 96, Gloria Hall 94, Steven Jennings 94, Danny Armbrust 90, Jim Henry 90, Bob Grimm 89, Allen Griffith 88, Don Wilson 88, Dick Smith 88, Sharon Christian 86 and Briggs Moore 85.

Bob Coll 84, Bart Lindsay 83, Gurney Haines 83, Tom Wood 82, Buddy Kilgore 79, Michael Coder 78, Jeff Hall 77, Galen Haines 76, Gary Christian 74, Tom Coder 73, Lee Master 69, Joe Haines 56, Carolyn Hudnell 56 and Betsy Moore 45.

Buddy Haines (age 5) 26.

New Holland Wins From Columbus Team

Worn out after a gruelling league game with Ashville Friday night, New Holland's Bulldogs nevert heless bounced back Saturday and d trounced a capable University High School hoop squad, 59-55.

Tall enough and satisfactorily coached, the University squad was simply no match for the fast and classy New Holland cagers.

John Lining kept his season scoring average above 20 for another week by hitting 25 points on 12 baskets and just a single foul shot. University's Barny Livingston hit 23.

Starting slowly, New Holland built up a lead that fluctuated from 1 to 15 points through the second and third quarters.

In the fourth frame, the tired Bulldogs watched University's fast break cut the margin down to four points, where it was when the game ended.

The New Holland reserves won the prelim, 48-38, over the University benchers.

Giants, Tigers Sewing Up Player Deal

NEW YORK (AP)—The San Francisco Giants and Detroit Tigers marked time for waiver clearance today on the deal that would send first baseman Gail Harris and infielder Ossie Virgil to the Tigers for infielder Jim Finigan.

It was the only definite deal acknowledged in the weekend major league winter meetings.

Manager Bill Rigney of the Giants, who had said he was in the market for "an experienced outfielder" who could take some of the fielding burden off Willie Mays, said Finigan "definitely will stay with us." That removed Finigan, a third baseman-second baseman, from any part of any subsequent Giant deal for an outfielder.

The Tigers apparently were unable to get together on a deal with the Washington Senators, a club faced with the problem of dealing off Roy Sievers, the American League home run leader (42) and a drawing card, to get needed over all strength.

The big surprise of the meeting was the National League's refusal to accept the proposed territorial rights plan.

The plan had provided that any city of two million or more population was open to two teams, apparently fulfilling the "compromise" plan originally offered by Chuck Comiskey of the Chicago White Sox which would have the American League swap New York for access to Los Angeles.

St. Louis Kid Gets \$100,000 Oriole Bonus

ST. LOUIS (AP)—The Baltimore Orioles got Dave Nicholson in the latest battle of big league baseball's billfolds.

For a week the lineup at the door of the 18-year-old outfield prospect looked like a roster of the majors' representatives.

Dave signed a Baltimore contract Sunday and tucked away a bonus check estimated at \$110,000.

During the week, 15 teams went to the bidding block for the husky right-hand hitter. Only the Detroit Tigers passed.

The Nicholson family at the last minute called in a tax consultant to give an opinion on the offer with the most eventual value.

Dave said: "The Orioles offered the best future. I think I'll have a chance to reach the majors faster."

He will join the Oriole spring training camp at Scottsdale, Ariz. Nicholson's playing experience is limited to high school ball and the Ban Johnson League, where 18 to 21-year-olds try to impress the big league scouts.

Nicholson's estimated \$110,000 puts him up with another St. Louis boy for the tops in baseball bonus payments. Frank Baumann got about \$125,000 from the Boston Red Sox in 1952. Others in the \$100,000 class were Bob Taylor, Milwaukee Braves catcher signed last year, and pitcher Paul Pettit, a 1950 acquisition of the Pirates.

Soccer Referees Get Aid from Cops

CLEVELAND (AP)—Two police cruisers were needed to escort a referee to safety when a fight broke out during a soccer match here between the Cleveland American - Croatian team and the Youngstown Hungarians.

Some 300 spectators joined in the pushing and shoving which started when a Youngstown player hurled dirt in the referee's face. When the player was ordered from the game, the spectators objected. The referee escaped safely.

Quaker Cagers Still Unbeaten

Win No. 10 Sought Tuesday Night

WILMINGTON — Idle for the past ten days for semester final examinations, the Wilmington College "Quakers," Ohio's only undefeated collegiate basketball team, will return to action Tuesday night when they journey to Ashland to play the Ashland College "Eagles."

Undefeated in nine games played to date, the Quakers will be out to make it ten - for - ten. They have met and defeated Denison, Capital, Bluffton College, Ohio Northern, Findlay College, Defiance College, and Cedarville College, all of Ohio, and Centre College and Berea College in Kentucky.

The smooth operating Quakers, by advancing through the first half of their schedule undefeated, have drawn increasing attention from sports writers and basketball fans since six of their first nine games have been played on the opponents' home courts.

The Quakers, who have been defeated only once on their home court in the past year and a half — (and that a 60-61 loss to the 1956-57 Mid - Ohio League champions, Defiance College) will be playing eight of their remaining eleven games "at home."

The phenomenal Wilmington club coached by Fred Raizik, a 1936 graduate of Wilmington, have recorded 26 wins in their last 31 games.

LEADING the Quaker scoring this year is star senior forward, Jack Harner, one of the nation's top scorers in small college basketball. Considered by most observers to be the most outstanding basketball player in Wilmington College history and certainly one of the stars in Ohio collegiate play this year, Harner has averaged 22.6 points per game this season.

A product of Dayton Stivers High School, Harner broke the Wilmington individual four - year scoring record in the fourth game of the current season and has, to date, added 118 more points to the total, now 1,457 in 66 collegiate games.

Following Harner in Wilmington scoring is Ken Bishop, Franklin, with an average of 11.9 points per game, and Carlos Hamilton, Somerset, with 11.0 points per game.

Forward Carlos Hamilton leads in the free throw percentages with 21 made out of 26 attempts, or an 80.8 percentage. Harner again is runner - up with 36 made out of 46 for an average of .761.

As in other areas, Harner also figures in rebounding. He leads the Quakers with 14.6 per game, followed by Hamilton with 7.9, and center Olen McAllister, Richmond, with 6.8 per game.

AS COACH Fred Raizik stated: "This outfit thinks and operates as a team. When a new man must be sent in, his strongest supporter is the man he's just replaced."

As a team, the Wilmington club has made 254 field goals out of 657 attempts, for an average of .387, and have made 145 free throws out of 222 attempts for an average of .653.

In nine games, Wilmington has scored 653 points, for an average of 72.6 points per game, while holding their opponents to 542 points, or 60.2 points per game.

With nine wins and no losses, the 1957-58 Quakers could also record the best season in Wilmington history, replacing the 13-1 record set in an abbreviated season of 1929-30.

Some 300 spectators joined in the pushing and shoving which started when a Youngstown player hurled dirt in the referee's face. When the player was ordered from the game, the spectators objected. The referee escaped safely.

Warriors Find Hawks To Be Easy Opponent

By THE ASSOCIATED PRESS

"Ah, Those Hawks" could well be the battle cry of the Philadelphia Warriors today.

For a fifth straight time, the celler - dwelling Warriors have dumped title - conscious St. Louis Hawks.

Sunday night, the Warriors, last in the Eastern Division of the National Basketball Assn., victimized the Hawks, Western Division leaders, 125-112.

The Hawks, who have beaten the Warriors once all year, now lead second - place Cincinnati by 6½ games. The Hawks led by 10 games a few weeks ago.

Cincinnati gained ground Sunday, catching Detroit in the final minutes to win 107-103 at home. In other Sunday action, Boston Eastern leaders, defeated second-place Syracuse 118-95.

Also, New York stepped .001 percentage points ahead of the Warriors by defeating Minneapolis 109-106 despite Dick Garmaker's scoring performance which tied three NBA records.

Garmaker's 23 points and 10 field goals in the third quarter, 33 in the second half tied NBA records set, respectively by Bob Pettit, George Mikan and Joe Fulks. He completed the game with 39 points. Garmaker scored more than half the Lakers' second half points.

16th Win Racked Up By Sabina Cagers

It was Bob Pauley's turn Saturday when the Sabina Golden Eagles soared to their 16th straight victory, beating Simon Kenton, 81-61.

Pauley, who was bothered by wrist trouble for a couple of weeks, came bounding out of the doldrums for 15 field goals, six foul shots and a total of 36 points.

The six foot, two inch center got nearly all his shots from the corner or out in front, driving in for only an occasional bunny.

Simon Kenton and Sabina had played a league game earlier, so Saturday's encounter did not count in the Clinton County circuit standings.

Only five men scored for Kenton, while Sabina, despite Pauley's performance, divided scoring honors seven ways.

Ex-Marine Signs Pact To Play with Browns

CLEVELAND (AP)—After two years with the U. S. Marine Corps, Eddie Rayburn, a star tackle at Rice Institute, is ready to play with the Cleveland Browns.

The 230-pounder from St. Louis has signed a contract, the club announced Sunday night. A 12th-round choice of the Browns in the 1956 National Football League player draft, he played in the Blue-Gray game at Montgomery, Ala., in 1955. He has played with Marine grid teams two years.

The Browns expect to use him as a defensive end.

— AUCTION — PERSONAL PROPERTY

Having decided to discontinue farming, I will hold a complete closing out sale on the Mrs. George B. Telfair Farm, located 11 miles northeast of Wilmington, five miles northwest of Sabina; four miles north of State Route 3 and U. S. Route 22, just off of State Route 72, at the north edge of Bloomington. (Follow arrows.)

WEDNESDAY, JAN. 29, BEGINNING AT 11:00 A. M.

FARM MACHINERY

3 Top-Flight Cage Contests On Ohio Card for Tonight

By THE ASSOCIATED PRESS
Three top-flight games are on the Ohio college basketball schedule tonight. Ohio State will entertain Purdue, LaSalle will be at Xavier and Toledo travels to Marquette.

Not even intersectional foes can take the show away from Cincinnati's Oscar Robertson, however. Robertson poured in 39 points Saturday night as the Bearcats slaughtered Wichita, 105-81.

The victory shot Cincinnati into first place in the Missouri Valley Conference, half a game ahead of Bradley, and the 39 points helped Robertson retain his 32.8 scoring average, the best in the country.

The team with the lone unbeaten record (9-0) in the state—Wilmington—was idle last week. So, officially, was the team with the second best mark, Steubenville, although the Big Red handed the Quantico Marines an 84-59 drubbing in an exhibition game which did not affect Steubenville's 17-

Random Comments

By RAY BRANDENBURG

Have spent three days attending the N. A. D. A. convention at fabulous Miami Beach. Fabulous is the best word I can think of to describe most of the 359 hotels on this artificial spit of land consisting of sand pumped up from the ocean bottom. We saw many of our dealer friends from Ohio and other states. Saw Carroll Halliday several times and we attended some sessions together. Heard many fine programs and am again convinced the automobile business is sound and has a good future. Heard one speech by Bill Holler, former Chevrolet sales manager. He said one thing I agreed with heartily. He said quite: I don't want to be the richest man in the cemetery nor do I want to be the most famous. I just want to be the oldest. He urged: guard your health. That I am trying to do. Weather has been fine. Temperature about 70. Expect to make up Rotary tomorrow. Saw Tennessee Emory Ford show and Lawrence Walk show Wednesday evening. Both very fine and we enjoyed them immensely. Going sightseeing over to the west coast tomorrow. After attending the Miami Rotary club Thursday, took off for Fort Myers. The Miami Club has a membership of 350 and there were 104 visitors. Frankly the fellowship wasn't nearly as good as at our club. For Gosh Sakes! brother Rotarians, if a guest visits our club make him welcome. It will leave a good taste and kind thoughts of our community. The Tamiami Trail is a rather desolate stretch of highway as most of you know. We got over to Ft. Myers in the evening and called Earl Parker, a former Washington C. H. resident and good friend. We spent the evening visiting at his home and thoroughly enjoyed it. Earl is building houses and likes his work fine. He is also chairman of the Fair committee of Shriners who are putting on an independent Fair in Ft. Myers. I may drive down just to see what goes on. We are back at Orlando and Marian and Dale started home. Hated to see them leave but someone has to work. The weather is still rather chilly. Crossed the 20 million dollar bridge from Palmetto to St. Petersburg. It's sure a nice one. Fed the pelicans off the pier at St. Pete. Hope the snow isn't too deep or the weather too cold at home.

A "Winter Holiday" for your winter clothes! Sta-Nu Dry Cleaning. The fine fabrics in your winter garments will be truly enhanced by our exclusive Sta-Nu Dry Cleaner's Finishing Process. We offer the finest in dry cleaning, plus luxurious Sta-Nu finishing at no extra cost to you.

3 OU Students Admit Train-Wreck Attempts

ATHENS, Ohio (AP)—Three Ohio
University freshmen will attempt
to concentrate on semester exam-
inations this week while under fed-
eral charges of attempting to de-
rail two trains. They called the
attempts a college prank.

The youths, all sons of well-to-
do Cleveland area parents, return-
ed to Athens Sunday, free on \$2,-
000 bond each.

The bonds were posted by their
fathers after the youths were ar-
raigned before U. S. Commissioner
Willard C. Walter in Chillicothe
and ordered held for the grand
jury.

The FBI charges that James
John Onder, 19, of Rocky River;
John Earl Hamm III, 18, of North
Olmsted, and Gerald Baxter Hink-
ley, 18, of Fairview Park, attempt-
ed on two occasions to derail
Baltimore & Ohio freight and mail
trains in Athens.

They told Walter that their acts
were a college prank, with no malice
intended, and that they did not
intend to wreck the trains.

But they paled when Walter told
them of the maximum penalties
which could be meted out to them
— \$10,000 fines and/or 20 years im-
prisonment.

Ed Mason, special agent in
charge of the Cincinnati FBI of-
fice, said the first derailment at-
tempt came the morning of Jan.
18. He said the youths put up a
highway - type barricade across
tracks near the Athens Mulberry
Street crossing. The crossing is
near an Ohio U. dormitory area.

The second attempt occurred
last Thursday night, Mason said,
when two cinderblocks were bal-
anced against each other across
the tracks.

On both occasions, Mason said,
the trains struck the obstructions,
knocking them to the side. The
train was delayed in Athens for
minor repairs on the second oc-
casion, stopping traffic on the
line both ways for about half an
hour.

Ohio U. Dean of Men Mural
Hunkins said he recommended
that the university's disciplinary
board take no action against the
three students until federal authori-
ties complete their case.

He said cards filled out by the
three and on file with the univer-
sity indicated none has been in
serious trouble previously.

The barricades are not the first
that have been placed on tracks
here. At other times, students have
put snowmen and dummies on the
tracks, Athens authorities said.

The railroad makes a sharp
turn around the dormitory area,
which is just east of the railroad
station, making it impossible for
the train engineer to see any dis-
tance ahead.

Drinking Party Ends in Wild, Fatal Shooting

COLUMBUS, Ohio (AP)—An em-
ployee of the State Bureau of Un-
employment Compensation was
fatally shot at the climax of a wild
drinking party with his estranged
wife Sunday, police said.

Dr. Carl E. Teterick, deputy
county coroner, said Joseph Spen-
cer Martin Jr., 28, apparently shot
himself in the chest. But Teterick
added he is unable to determine
whether the shooting was acci-
dental or intentional.

Teterick said the fatal shot was
fired from a .32-caliber revolver,
from close range. Police said
tests showed powder burns on both
of Martin's hands.

Martin's estranged wife, Betty,
43, was released from police cus-
tody after questioning. Police said
they were satisfied she was not
in the room when the shooting oc-
curred.

Police said she told them that
shortly after she went to visit her
husband, he started firing the re-
volver at lined-up beer bottles.

She told police she went into an-
other room to sleep and when she
woke up later, Martin told her he
had shot himself and had teleph-
oned police for help.

Martin died about an hour af-
ter police found him.

They theorized that he may
have fallen and discharged the
gun.

The scientific name for the state
bird of New Mexico, the Road Run-
ner, is *geococcyx*. It means "drags
its tail on the ground."

NOTICE OF APPOINTMENT

Estate of Anni T. Swift, Deceased.

Pony Football Meeting Called

Boys and Parents To Meet Thursday

Aiming at an earlier start—and an earlier finish—next fall, all boys now in the fourth and fifth grades, who are interested in playing in the pony football program are to meet, with their parents, in the Dayton Power & Light Co. auditorium at 8 p. m. Thursday.

Dr. Charles Griffiths, president of the adult organization that supervises the pony program, called the meeting. He said it is impossible to get word to all the boys or their parents personally and that the board is counting on the time and place of the meeting being spread by word and through the Record-Herald.

Dr. Griffiths emphasized that the board is "very anxious" to have parents at the meeting so the program can be explained to them in detail and to give them an opportunity to ask questions.

Since the pony football program is for boys in the fifth and sixth grades, this meeting is for boys of the fourth and fifth grades who will be in the fifth and sixth next year for the football season.

THERE WERE five teams in the league last year—the first for the pony program here. Dr. Griffiths said that "it is possible more teams will be needed to give all the boys an opportunity to play." Following this same line of thought Dr. Griffiths said: "...but one thing is certain, the squads will be enlarged." By this, he explained, he meant that each squad will have 22 boys in uniform, instead of 15 because the sponsors are going to provide at least seven more uniforms for each squad.

He pointed out that one of the weaknesses of the first year was the limit of uniforms, which in turn limited the number of boys who could be outfitted for games.

Sponsors for the program last year were: Frisch's Big Boy restaurant, The Webber Francis Mfg. Co., Tom Mark real estate agency and Armbrust Building Supply Co. Last fall, because of the late start, the little guys ran into some bad weather before the season ended. This is what the government board wants to avoid next fall by getting an earlier start.

Youth Problems To Be Discussed At PTA Meeting

A discussion of "Problems of Our Youth" by a panel of three and a white elephant sale will feature this month's meeting of the Central School Parent-Teacher Assn. at 7:30 p. m. Wednesday.

Richard Whiteside, PTA president, said "because of the timeliness of this subject (youth problems), I want to urge everyone to attend this meeting." On the panel will be three men who are close to the youth of this community — Richard J. McMullen, probation officer of the Juvenile Court; Deputy Sheriff Don Thompson, who has devoted much time to juvenile problems, and the Rev. L. J. Poe, pastor of Grace Methodist Church. Whiteside will be the moderator.

The "white elephant sale," at which things brought by the members will be sold at auction, will be held after the panel discussion. Whiteside suggested that members bring baked goods, candy and "anything else that is useful" to the sale. Refreshments will be served at the close of the meeting.

Search Parties Seek Boy Lost in Canyon

WILLOWS, Calif. (AP)—More than 100 sheriff's deputies and volunteers continued today their search for a 12-year-old Tenderfoot Boy Scout in snow-mantled Grindstone Canyon 40 miles west of here. Dennis Wurschmidt became separated from his troop Saturday shortly before a storm hit the rocky gorge in the Mendocino National Forest of northern California. Three feet of new snow hampered searching.

Shrine Club Here To Meet Thursday

The Washington C. H. Shrine Club will hold its regular monthly meeting at 7 p. m. Thursday in the Hotel Washington banquet room. Wayne Bower, corresponding secretary announced Monday.

Robert Frizell of Greenfield is president of the club. Bower said he knows of nothing special on the agenda for the business meeting.

Joseph Sauer, 220 Delaware St., surgical.

Mrs. Robert Penwell and daughter, 423 W. Temple St.

Mrs. Rowena Leggett, 214 Oakland Ave., medical.

Hungarian Premier Resigns Position

BUDAPEST, Hungary (AP)—Premier Janus Kadar offered his resignation to Hungary's Parliament today. He will continue to run the country's Red regime as first secretary of the Communist party.

Kadar, in a speech, proposed that his 72-year-old first deputy, Prence Muennich, step up to the premiership.

Kadar is the only leader in the Soviet bloc holding the two key posts of premier and party first secretary. Kadar took office as premier in November 1956 when Russian troops returned to Budapest and crushed the revolt against Soviet domination.

Pacific Coast Getting Swift Interceptors

SAN FRANCISCO (AP)—Jet interceptors that travel at twice the speed of sound and fire guided missiles are being delivered to Hamilton Air Force Base for defense of the Pacific Coast.

Officials at the base, 30 miles north of here, said the first consignment of F104A Lockheed Starfighters would be in operation within 30 days.

Giant Klan Rally Said Scheduled

MARION, S. C. (AP)—Ku Klux Klan leader James Cole, whose last rally near Maxton, N. C., was shot up and dispersed by armed Indians, says the KKK will gather "not less than 5,000 Klansmen" for another rally in that area within a month.

"We don't expect to be broken up again," Cole said at his home here. "This time there will be more Klansmen than there will be Indians and I don't expect trouble from the Indians."

Hundreds of Lumbie Indians, incensed by reports that the Klan's planned rally near Maxton Jan. 18 was intended as a warning to them against race mixing, converged on the group of about 50 Klansmen with warwhoops and gunfire. No one was seriously hurt, but state police had to rescue the Klansmen and pack them off home in their automobiles.

The 33-year-old Cole—who calls himself a Southern Free Will Baptist minister—is under indictment in Robeson County, N. C., site of the meeting, on charges of inciting riot. He has announced he will fight extradition.

"Klansmen from all over the South are pretty upset," Cole declared. "I've had offers of 3,000 men from Texas (for another Robeson County rally) and offers of men from Kentucky and South Carolina."

"It will be the greatest rally the Klan has had."

At Pembroke, N. C., Simeon Oxendine—a leader of the Indian demonstration against the Klan and son of Pembroke's Indian mayor—remarked when told of Cole's plans: "He said that, did he? Well, We'll just wait and see."

Single Admission Tickets Available For Piano Concert

Tickets for the concert to be presented by Miss Joy Strausbaugh in the Washington High School auditorium Tuesday night will be available at the door, Mrs. Robert E. Willis, general chairman, announced Monday.

Miss Strausbaugh's appearance here will be the first of two musical presentations sponsored by the local group. The Little Symphony Orchestra of Chillicothe has been booked for Feb. 25.

Miss Strausbaugh, who began the study of piano at the age of 5 and is now a graduate student at the Oberlin Conservatory of Music where she has won several important scholarships, will offer a varied program ranging from early Italian music to ultra-modern compositions.

The concert will begin at 8 p. m. The young artist, a resident of Vevay, Ind., is well known in Washington C. H. where she was once a student. The single admission price is 50 cents.

Blessed Events

Mr. and Mrs. Richard L. Phillips, 534 High St., are the parents of an 8-pound, 15-ounce, son born in Memorial Hospital at 5:35 p. m. Sunday.

Mr. and Mrs. Bobby Lee Hurley, Bloomington, announce the birth of a 7-pound, 3-ounce son, in Memorial Hospital at 10:53 p. m. Sunday.

Mr. and Mrs. Robert H. Anger (Mary Lou Reed), Huntington, W. Va., have named their son Robert Randall. He was born in Cabell-Huntington Hospital, Huntington, W. Va., Dec. 19. He weighed 8-pounds, 6-ounces. Mrs. Anger's parents are Mr. and Mrs. Roby Reed, a former residents of Washington C. H., now residing in Hillsboro.

Mr. and Mrs. Robert H. Anger (Mary Lou Reed), Huntington, W. Va., have named their son Robert Randall. He was born in Cabell-Huntington Hospital, Huntington, W. Va., Dec. 19. He weighed 8-pounds, 6-ounces. Mrs. Anger's parents are Mr. and Mrs. Roby Reed, a former residents of Washington C. H., now residing in Hillsboro.

Kadar is the only leader in the Soviet bloc holding the two key posts of premier and party first secretary. Kadar took office as premier in November 1956 when Russian troops returned to Budapest and crushed the revolt against Soviet domination.

Mainly About People

Mrs. Eugene Overly, 905 Lakeview Ave., will undergo surgery Tuesday in University Hospital, Columbus. Her room number is 690.

Mr. and Mrs. Leonard Dalton, Washington C. H., and Mr. and Mrs. Dale Clouse, Columbus, attend dedication of the new Methodist Church at Oak Hill Sunday.

William Stoughton, manager of the Washington C. H. Chamber of Commerce, returned to his office Monday after a 22-day stay in Veterans Administration Hospital, Cincinnati, where he had been receiving treatment for a leg infection. Stoughton, who lives at 702 S. Fayette St., was discharged from the hospital Saturday afternoon.

Cubs and Leaders Presented Awards

Service stars and Bobcat pins were presented to Cub Scouts and Cub leaders in a meeting of Pack No. 345 at the New Martinsburg School.

Pocket pieces with the Cub Scout promise inscribed on them were given to new members of the pack. Receiving the service stars were all Cubs who have served in the pack at least a year. Leaders receiving stars were Mr. and Mrs. Russell Grice, Kenneth Bush, Mrs. Richard Curl and Mr. and Mrs. Ray Elzey. Mrs. Kenneth Bush received a Cub pocket piece.

The pack also presented a service star to "Cubby," the pack's mascot, a statue of a Cub Scout. Bobcat pins, the first symbol of Cubhood, were given to John Pero and Pat Henry by Richard Curl, the cubmaster. Parents of the boys were present for the presentation.

A skit based on "She'll be Coming 'Round the Mountain" was presented by Den No. 2 of New Martinsburg. Den No. 3 conducted a game for scouts and dads.

Den No. 1 presented a puppet play, "Safety First," with Stephen Bush doing narration. David Newhouse, John Pero, Pat Henry and Bob Marting operated the puppets. Donnie Palmer made the stage used for the presentation. Other stages made by other boys were displayed.

Cubmaster Curl showed slides on tree identification and on conservation. Mrs. Lawrence Elzey read the poem, "For Fathers."

Next meeting will be held in Forest Shade Grange Hall.

Cleveland UAW Chief Raps Plan

CLEVELAND (AP)—Opposition to the United Automobile Workers' plan to make profit sharing a part of this year's bargaining program in the auto industry was voiced Sunday night by the president of a 6,000-member UAW local.

Francis J. Smith, president of Chevrolet Local 1005 here, said the program "does not reflect the desires of the membership." The plan, supported by UAW President Walter Reuther, is an arrangement under which employees of the auto companies and customers who buy the cars would share in the manufacturer's profits. Instead, Smith called for a "realistic wage increase."

One famous New York restaurant serves nothing but prime rib. Prime rib is in a class by itself when people want the best. It is by far the most popular of all choices in dining circles.

It Must Be Good
Prime rib brings many people here to enjoy a delightful meal. Prime rib is featured to please the many travelers eating here. Prime rib is served here noon and night seven days each week.

Gov. O'Neill Suffers 'Mild' Heart Attack

(Continued from Page 1)

Conefray said the physicians plan further tests, but "will not make any further prognosis immediately, nor discuss a hypothetical case of a man 42 years old." (O'Neill will be 42 next Feb. 14).

The doctors also will not make any conjecture when he will be able to leave.

Conefray quoted the doctors as saying: "In the first place, there was no earlier announcement because they have been running tests to determine what the diagnosis would be. They are continuing those tests. There will be additional tests today."

It was pointed out that the governor's family has a good medical history. His father, a resident of Marietta, was 86 years old when he died. There has been no history of high blood pressure in the family, spokesmen added.

The last report at 9:45 a. m. said the governor's temperature and blood pressure were satisfactory. Conefray expressed belief that the governor would be able to transact office business at the mansion. A nurse is on duty there.

Conefray said the governor expressed belief his attack occurred aboard a plane on the day to Dayton Wednesday afternoon. John Hermanies of Cincinnati, an office aide, was with O'Neill at the time.

"The governor told me that while they were above Springfield, he felt uncomfortable," Hermanies reported. He said the governor told him he felt a slight tightening across his chest and in one arm. It did not increase when the plane set down at Springfield because of bad weather.

The governor and Hermanies continued to Dayton in a state highway patrol car. At Dayton the governor participated in a groundbreaking ceremony for a children's psychiatric center by operating a power shovel.

After the ground-breaking he went to a nearby schoolhouse because of the bad weather and delivered a speech indoors. From there he went to the Biltmore Hotel in Dayton for a press conference. Later he attended a cocktail party where he sipped some gingerale. In the evening he attended a Chamber of Commerce dinner at which he gave the principal address.

He was driven back to Columbus from Dayton by car. Grant Scott, a prison trustee, was the driver. Reports said the governor felt increasing discomfort on the way home and loosened his tie and belt. He arrived at the mansion about 11:45 p. m. and called in Dr. Kirk, who lives nearby.

Dr. Kirk gave him a hypodermic and the governor reportedly spent a restful night. But he felt ill the following day.

"Since then he has not felt as though he was sick," Conefrays aid. The governor has "not been placed on a diet," Conefray added.

Mrs. O'Neill said her husband had breakfast about 8:45 a. m. today. He had grapefruit, a boiled egg and drank some water. He does not drink coffee.

Dr. Nelson was called in last Thursday. Conefray said the physicians had been running tests and

Threats of Counterblow In Venezuela Tapering Off

CARACAS, Venezuela (AP)—The threat of a counterblow against Venezuela's revolutionary government eased off today. After a night of tension, the ruling junta appeared to have re-established order.

Reports that diehard supporters of ex-dictator Marcos Perez Jimenez were preparing to move against the junta put the nation on edge Sunday night.

But as the hours passed there were indications the people, groggy with new-found freedom, were strongly backing the junta.

Backers of the Jimenez regime sped in cars through the streets of Caracas and other cities last night firing indiscriminately at civilians, and troops. One woman was killed and about 10 persons wounded.

The ruling junta went into emergency session Sunday night and armored cars appeared on the capital streets.

THE JUNTA proclaimed its armed forces were in full control. But peace and order remained in peril until all diehard supporters of Perez Jimenez were rounded up throughout the country.

Authorities breathed more easily, however, over word from another ousted strongman, exiled Juan D. Peron of Argentina, that he would leave Venezuela "as soon as possible."

Peron, who took refuge in the Dominican Embassy after last week's uprising, said he expected to leave Tuesday, probably for the Dominican Republic. There, dictator Rafael Trujillo has already provided a haven for Perez

reports would be issued on developments.

Last September the governor was in bed for about five days with a cold and ear ailment. He was absent from his office for about a week at that time.

Dr. Kirk is a laboratory diagnostician and heart specialist. Conefray said the physician had made no report as yet on an electrocardiogram that was taken. Dr. Nelson is an internal medical expert with wide experience in heart cases for the last 25 years. Conefray said he expected another report from the physicians after 4 p. m. today.

Fuchs Party Pressing Thansantarctic Trek

AUCKLAND, New Zealand (AP)—Dr. Vivian Fuchs realized Scott Base today he was "going strong" 117 miles from the South Pole on his transantarctic trek.

Fuchs, who left the pole with his British party Friday, hopes to reach Scott Base, 1,200 miles from the pole, before the winter really sets in. It will be the first overland crossing of Antarctica.

Highway Chief Is Challenged To Debate

CLEVELAND (AP)—A candidate for the Democratic gubernatorial nomination wants to debate freeway construction standards with Charles M. Noble, Ohio's highway chief.

Albert S. Porter, Cuyahoga County engineer, has been a frequent critic of what he terms "wasteful and extravagant" freeway designs in Ohio. He issued the debate challenge Sunday.

"The O'Neill administration is afraid to debate this vital issue at a public forum and has ducked every opportunity to do so," Porter charged.

"What Noble is doing is going around feeding the public press—agentic clichés instead of facts and figures that would show what the administration is doing." Noble has maintained that design standards set by the American Assn. of State Highway Officials are "fair weather" standards.

Porter charged: "That is an insult to the intelligence of nationally eminent highway officials who prepared those standards, to the American public and the people of Ohio."

"Noble would have us believe that Ohio is right and the other 47 states are wrong."

Previous invitations to Gov. C. William O'Neill and Noble to debate the issue have been turned down, Porter said.

New Pastor Selected

COLUMBUS (AP)—Dr. Raoul C. Calkins has been appointed Cincinnati district superintendent of the Methodist church. He has been pastor of King Avenue Methodist Church here since 1953.

Youth Club Activities

STARLIGHT BLUE BIRDS

The second grade Starlight Blue Birds held their regular meeting in Cherry Hill School.

The meeting was opened with the pledge of allegiance, with Linda Sowers holding the flag.

A scrapbook was started for the girls by the leader, Mrs. Harold W. Fenton. It will be filled with snapshots and other material to make up the history of the group for the year.

For their craft, the members made rhythm maracas.

At the close of the meeting Karen Kaufman served refreshments to Judy Campbell, Kathy Climer, Connie Fenton, Shirley Hay n e s, Dianne Henk, Linda Lynch, Marilyn Lynch, Linda Merritt, Sandy Rohde, Linda Sowers, Michelle Stemple and Linda Wagoner.

AFTER FLU ...COLD, SORE THROAT

You may feel run-down because of

TIRED BLOOD*

Feel Stronger Fast within 7 days—or money back!

AFTER THE FLU, cold or sore throat, you may feel weak and run-down because of iron deficiency anemia*. Or, as we call it, Tired Blood. At such a time, GERITOL can help you win back your strength faster. For GERITOL is an iron-rich tonic of therapeutic potency. In just 24 hours GERITOL-iron is in your bloodstream carrying strength and energy to every part of your body. Check with your doctor. And, after a winter illness, if Tired Blood is your problem—take GERITOL every day. Take the liquid or tablets. You'll feel stronger fast, within seven days, or your money back.
